In the matter, on the Commission's Own motion, to implement the Provisions of Section 10a(10) of 2000 PA 141	)))))	Case No. U-12639

RESPONSE OF THE DETROIT EDISON COMPANY TO PETITION FOR REHEARING OF CITIZENS FOR POWER AND RELIABILITY

The Detroit Edison Company ("Edison" or "Company"), by and through its attorneys, pursuant to Rule 403 of the Rules of Practice and Procedure before the Commission (R460.17403) herein responds to the Petition for Clarification and Rehearing filed by Citizens for Power and Reliability ("CPR"). In making this Response Edison relies on and incorporates by reference herein its Petition for Rehearing and Clarification filed in this matter on January 22, 2002.

While CPR's concerns and requested relief are not entirely clear, Edison interprets from the CPR Petition that its members seek to obtain and utilize the most timely and appropriate market price signals in evaluating their electric supply alternatives. Edison agrees with this important need and believes that the matters raised in Edison's Petition for Rehearing and Clarification both address and satisfy that need and will help ensure the long-term success of electric retail access in Michigan. Therefore, the Company recommends that the Commission expeditiously issue an Order on Rehearing adopting the recommendations set forth in the Petition for Rehearing and Clarification of The Detroit Edison Company submitted January 22, 2002.

Respectfully Submitted
