Re: Baraga Telephone Company

Dear Ms. Ancona,

Pursuant to the Order Approving Application issued by the Michigan Public Service Commission ("Commission") in Case No. U-10900¹ on September 7, 1995, Baraga Telephone Company ("Baraga") was authorized to include a surcharge of \$0.13 in its basic local exchange service rates to recover costs associated with providing dual party relay services. This is to advise that Baraga's current tariff rates for basic local exchange service on file with the Commission do not reflect the inclusion of the U-10900 authorized changes of \$0.13. Further, Baraga wishes to inform that it does not intend to collect this surcharge now or in the future, and advises that Baraga considers the authorization granted in Case No. U-10900 to be terminated effective with the date of this transmittal.

Should you have any questions or concerns, please kindly contact the undersigned.

Very truly yours,

Miller, Canfield, Paddock and Stone, P.L.C.
