At the October 16, 2014 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. John D. Quackenbush, Chairman
Hon. Greg R. White, Commissioner
Hon. Sally A. Talberg, Commissioner

ORDER

On May 27, 1999, the Commission issued an order (May 27 order) adopting an initial set of performance measures and benchmarks to be used in reviewing the compliance of Ameritech Michigan, now known as AT&T Michigan, with its obligation to provide nondiscriminatory access to its facilities and services, including unbundled network elements (UNEs), to competitive local exchange carriers (CLECs). From time to time, the Commission has modified those performance measures and benchmarks in a number of subsequent orders. A collaborative group of interested parties works together in regularly scheduled reviews to refine the performance measures and remedy plan. Participants in those collaborative efforts include AT&T Michigan, interested CLECs, and the staff from state regulatory commissions from Michigan, Illinois, Indiana, Ohio, and Wisconsin. Changes agreed to are presented to the Commission for approval and adoption. The last Commission order issued in this proceeding was dated October 31, 2012. That order

extended the effective date of the then current performance measures and remedy plan through December 31, 2014.

On October 2, 2014, AT&T Michigan filed a report on the 2014 performance measures and remedy plan collaborative review. In its report, AT&T Michigan states that during a conference call, AT&T Michigan and the participating CLECs reached consensus that the current performance measures should continue without change and the current remedy plan should be extended, without change through December 31, 2016. AT&T Michigan and the CLECs will incorporate this change into their respective interconnection agreements and submit those for Commission approval.

The Commission finds that it should accept the extension of the current performance measures and remedy plan until December 31, 2016. All other provisions remain in effect.

THEREFORE IT IS ORDERED that the current performance measures and remedy plan, as approved by the Commission in its October 31, 2012 order, should be amended to extend their effective date through December 31, 2016.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so by the filing of a claim of appeal in the Michigan Court of Appeals within 30 days of the issuance of this order, under MCL 484.2203(12).
