**REPORT OF AT&T MICHIGAN
ON THE 2022 PERFORMANCE MEASURES
AND REMEDY PLAN COLLABORATIVE REVIEW**

Michigan Bell Telephone Company d/b/a AT&T Michigan (“AT&T Michigan”) hereby submits the following report on results of the Performance Measure Six Month Review Process that was held in 2022.

I. Preliminaries

On May 27, 1999, the Commission issued an order adopting an initial set of performance measures and benchmarks to be used in reviewing AT&T Michigan’s obligation to provide nondiscriminatory access to its facilities and services. The Commission has modified these measures numerous times, most recently in a September 24, 2020 Order. A collaborative group of interested parties meets regularly to review the performance measures and remedy plan (§ 5.3). The September 24, 2020 Order approved the two-year extension of the Performance Measures and Remedy Plan approved in the July 24, 2018 Order. Competitive Local Exchange Carriers (“CLECs”) and AT&T Michigan implemented the two-year extension via amendments to interconnection agreements (“ICAs”) as requested by the CLECs (“2020 Amendment”). Pursuant to § 6.6 of the Remedy Plan, as amended by the 2020 Amendment, the Remedy Plan automatically ceases on December 31, 2022, unless the parties agree to extend the Plan via an amendment to their Interconnection Agreement or successor Agreement.

II. Collaborative Discussions And Agreed Upon Steps Forward

Pursuant to §§ 5.3 and 6.6 of the Remedy Plan, AT&T convened the collaborative to review and propose modifications to the performance measures based upon actual experience and to address the expiration of the Remedy Plan. The collaborative review was held on August 9, 2022 via teleconference. Representatives for the following companies involved in the Remedy Plan participated in the call: AT&T, Comcast, and TDS Metro. A representative of the State Commission Staff for Michigan also attended the call. At the collaborative, AT&T proposed a 2-year extension, via an Amendment, of the current Commission approved and ordered Performance Measures and Remedies Plan. The term of the Remedy Plan would end December 31, 2024. There were no objections to AT&T's proposed 2-year extension, via an Amendment, of the current Commission approved and ordered Performance Measures and Plan. Pursuant to §6.6 of the Remedy Plan, that extension must be effectuated via amendments to the interconnection agreements that incorporate the Remedy Plan.

AT&T committed to prepare an appropriate amendment and to provide notice to all CLECs via Accessible Letter. The Accessible Letter was distributed in final form on August 31, 2022. *See*, Exhibit 1. The template amendment, as referenced in the Accessible Letter, is available from AT&T upon request. *See*, Exhibit 2.

III. Implementation

For CLECs with the current Remedy Plan included by reference in their interconnection agreement, remedy payments will continue uninterrupted if the CLEC requests the amendment by November 30, 2022 and returns the signed amendment by December 31, 2022. For CLECs that do not return the signed amendment by December 31, 2022, remedies will be suspended until the first full data month following full execution of the amendment per § 5.3 of the Remedy

Plan. For example, if a CLEC signs and returns the Amendment on January 15, 2023, remedies are effective with February 2023 performance data which will be reported in March 2023 with remedies due being payable in April 2023.

IV. Conclusion

Pursuant to AT&T's proposal at the August 9, 2022 collaborative, AT&T Michigan and the CLEC participants will continue with the current performance measures and remedy plan, without change, for two (2) years ending December 31, 2024. The parties will take action, pursuant to § 6.6 of the current remedy plan, to effectuate the agreed-to extension.

Dated: September 1, 2022

Respectfully Submitted,

AT&T Michigan

AT&T Midwest Region hereby provides notice of the AT&T Midwest Remedy Plan ("The Plan") 2-Year Extension Amendment. This Amendment is available for Interconnection Agreements ("ICAs") that have incorporated The Plan. (The Plan itself can be found at CLEC Online, <https://clec.att.com/clec>, on the *Public PM Documents* page of the Performance Measures section.)

In accordance with the relevant terms and conditions for your state¹, AT&T Midwest Region's obligation for liquidated damages pursuant to The Plan will automatically cease on December 31, 2022, unless it is extended via amendment.
