BEFORE THE MICHIGAN PUBLIC SERVICE COMMISSION

* * * * *

In the matter of **AMERITECH MICHIGAN's** submission on performance measures, reporting, and benchmarks, pursuant to the October 2, 1998 order in Case No. U-11654.	)))))	Case No. U-11830

At the October 15, 2026 meeting of the Michigan Public Service Commission in Houghton, Michigan.

PRESENT: Hon. Daniel C. Scripps, Chair
Hon. Katherine L. Peretick, Commissioner
Hon. Shaquila Myers, Commissioner

ORDER

On May 27, 1999, the Commission issued an order in this docket (May 27 order) adopting an initial set of performance measures and benchmarks to be used in reviewing the compliance of Ameritech Michigan, now known as AT&T Michigan, with its obligation to provide nondiscriminatory access to its facilities and services, including unbundled network elements, to competitive local exchange carriers (CLECs). From time to time, the Commission has modified those performance measures and benchmarks in subsequent orders. A collaborative group of interested persons meets during regularly scheduled reviews to refine the performance measures and remedy plan. Participants in those collaborative efforts include AT&T Michigan, interested CLECs, and the staff from state regulatory commissions in Michigan, Illinois, Indiana, Ohio, and Wisconsin. Changes agreed to are presented to the Commission for approval and adoption. The

most recent order issued in this docket is the September 26, 2024 order, which extended the effective date of the then-current performance measures and remedy plan through December 31, 2026.

On September 29, 2026, AT&T Michigan filed a report on the 2026 performance measures and remedy plan collaborative review (Remedy Plan Report). On October 5, 2026, AT&T Michigan filed an amendment to the Remedy Plan Report to make a date readable in the accessible letter that was included in the Remedy Plan Report. In its Remedy Plan Report, AT&T Michigan states that during a collaborative review held via teleconference on September 25, 2026, AT&T Michigan proposed a two-year extension of the current performance measures and remedy plan. Thus, the new term of the remedy plan would be through December 31, 2028. There were no objections to AT&T Michigan's proposed two-year extension. Remedy Plan Report, p. 2. If approved, AT&T Michigan and the CLECs will incorporate the extension into their respective interconnection agreements and submit those amended agreements for Commission approval.

Noting no objections raised by any party, the Commission finds that it is reasonable to extend the term of the current performance measures and remedy plan until December 31, 2028. All other provisions remain in effect.

THEREFORE, IT IS ORDERED that the current performance measures and remedy plan, as approved by the Commission in its September 26, 2024 order, is amended to extend its effective date through December 31, 2028.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so by the filing of a claim of appeal in the Michigan Court of Appeals within 30 days of the issuance of this order, under MCL 484.2203(12). To comply with the Michigan Rules of Court's requirement to notify the Commission of an appeal, appellants shall send required notices to both the Commission's Executive Secretary and to the Commission's Legal Counsel. Electronic notifications should be sent to the Executive Secretary at LARA-MPSC-Edockets@michigan.gov and to the Michigan Department of Attorney General - Public Service Division at sheac1@michigan.gov. In lieu of electronic submissions, paper copies of such notifications may be sent to the Executive Secretary and the Attorney General - Public Service Division at 7109 W. Saginaw Hwy., Lansing, MI 48917.
