Re: Report on Customer Education Refund
MPSC Case No. U-12133

Dear Secretary Kunkle:

On August 26, 2003, the Michigan Public Service Commission issued an Order in Case No. U-12133 approving Edison Sault Electric Company's application to refund \$32,671.71, including interest, representing one-half the amounts collected pursuant to the customer education fee and to use the other half to promote green power. As part of that order, Edison Sault was directed to submit a report to the Commission on the amounts refunded. Please accept this letter as Edison Sault's report on the customer education refund.

Edison Sault applied a refund of \$1.52 per meter during its October 2003 billing cycle that concluded on November 3, 2003. A total of \$34,583.04 was refunded to Edison Sault's customers. Edison Sault also commenced the promotion of its voluntary renewable energy program in November 2003 and customers have begun to receive service under the new tariff.

Very truly yours:

Lee M. Baatz
