Case No. U-16072

At the December 1, 2009 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. Orjiakor N. Isiogu, Chairman
Hon. Monica Martinez, Commissioner
Hon. Steven A. Transeth, Commissioner

ORDER

In each of the above separately captioned proceedings, the Commission granted the named
applicant a license to provide basic local exchange service in Michigan pursuant to the licensing
provisions set forth in the Michigan Telecommunications Act, 1991 PA 179, MCL 484.2101 *et*

seq.¹ Acquisition of a license to provide basic local exchange service carries with it certain responsibilities, including, but not limited to, the duty to “comply with all federal and state requirements regarding truth in billing, E 9-1-1 services, and primary basic local exchange service.” MCL 484.2305b(c). Moreover, providers of basic local exchange service are obligated to obey the lawful orders of the Commission and to respond promptly to reasonable requests from the Commission Staff (Staff).

The providers listed in the case captions of this proceeding have been grossly deficient in attending to the statutory and regulatory responsibilities of licensed basic local exchange service providers.

MCL 484.2205 authorizes the Commission to revoke a provider’s license to provide basic local exchange service. In Michigan, a formal action to revoke a license must be preceded by an informal notice to the licensee of the intended action and an opportunity for the licensee “to show compliance with all lawful requirements for retention of the license.” MCL 24.292; *Rogers v Cosmetology Board*, 68 Mich App 751; 244 NW2d 20 (1976).

On May 21, 2009, Robin Ancona, Director of the Commission’s Telecommunications Division, sent a letter to each of these 30 licensees. The licensees were advised that the purpose of the May 21, 2009 letter was to ascertain “whether your company wishes to retain [its] license” to provide basic local exchange service in Michigan. In each letter, the licensee was notified of past unsuccessful attempts by the Staff to contact the licensee by regular mail, telephone, and e-mail. The letters informed these providers to “respond to this inquiry no later than 45 days from the date of this letter and indicate if the company intends to retain its license and is providing service, or has ceased operations.” Finally, each letter notified the licensee that “[i]f no response is received,

¹Computer Business Sciences, Inc., Michtel Inc., Essex Communications, Inc., and Winstar Wireless of Michigan, Inc., are now known, respectively, as IG2, Inc., Michtel Communications, LLC, New Rochelle Telephone Corp., and Winstar Communications, LLC.

the Commission will take the necessary steps to commence the process of revoking [its] license.” To date, none of the 30 providers have responded to Ms. Ancona’s letter. At best, the Staff received email contacts in which the company did not object to its license being revoked, but declined to take the minimal steps necessary to surrender its license.

Finding that the preliminary steps for license revocations required by MCL 24.292 and *Rogers v Cosmetology Board*, supra, had been completed, the Commission issued an order on August 25, 2009, commencing formal proceedings to revoke the licenses of the providers listed in the captions of this proceeding. In the August 25 order, the Commission directed each listed provider that wished to retain its license to provide basic local exchange service to file an intervention in Case No. U-16072 by September 24, 2009, and to appear at an October 15, 2009 joint hearing before Administrative Law Judge Daniel E. Nickerson, Jr. (ALJ). In the August 25 order, the Commission further warned the listed providers that, if they failed to attend the hearing, then the ALJ would, after receipt of testimony and exhibits from the Staff, render a Proposal for Decision (PFD) with regard to the issue of whether each absent provider’s license to provide basic local exchange service should be revoked immediately by the Commission.

A hearing was held on October 15, 2009. No provider attended. The Staff’s testimony and exhibits were received into evidence. The Staff’s evidence demonstrated that the 30 listed providers are not providing basic local exchange service, and no longer possess sufficient technical, financial, and managerial resources and abilities to provide basic local exchange service within Michigan. See, MCL 484.2303(1); 1 Tr 12-18. At the conclusion of the hearing the ALJ issued an oral PFD recommending that the Commission revoke the license to provide basic local exchange service held by each of the listed providers. Notice of the oral PFD, accompanied by copies of the relevant pages of the transcript, was served on all parties on November 3, 2009. Exceptions were due November 17, 2009. No exceptions were filed.

The Commission adopts the PFD and finds that each provider listed in the captions to this proceeding has failed to meet the statutory and regulatory responsibilities of providers of basic local exchange service, and the license of each listed provider is hereby revoked.

THEREFORE, IT IS ORDERED that:

A. The license to provide basic local exchange service for each of the following providers is revoked: ACCXX Communications, LLC, ARBROS Communications Licensing Company Central, LLC, Atlas Communications, LTD., Building Communications, Inc., d/b/a BCI, CAT Communications International, Inc., CCCMI, Inc., d/b/a Connect!, CI² Inc., d/b/a Computer Intelligence² Inc., Cypress Telecommunications Corporation, d/b/a Cytel, Globetel, Inc., Group Long Distance, Inc., Horizon Telecommunications, Inc., d/b/a Voyager Telecommunications, Computer Business Sciences, Inc., IPVoice Communications, Inc., Mabel Communications, Inc., Metro Teleconnect Companies, Inc., MichTel Inc., NationsLine Michigan, Inc., Essex Communications, Inc., d/b/a eLEC Communications, NTERA, Inc., OneStar Long Distance, Inc., Pacific Centrex Services, Inc., Phone Express Michigan Inc., Premiere Network Services, Inc., Quality Telephone Inc., Suretel, Inc., Telera Communications, Inc., Truly Clear Communications Inc., Vota Telephone LLC, d/b/a Votatel, Winstar Wireless of Michigan, Inc., and Ygnition Networks, Inc.

B. The Commission Staff will work with the North American Numbering Plan Administrator to ensure that numbers currently assigned to the listed providers, if any, are properly reclaimed.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so by the filing of a claim of appeal in the Michigan Court of Appeals within 30 days of the issuance of this order, pursuant to MCL 484.2203(12).
