**Re: 2014 Request for Routine True-up Adjustment
Securitization Bond and Securitization Bond Tax Charges**

Dear Ms. Kunkle:

In accordance with the Commission's November 2, 2000 order in Case No. U-12478 (Financing Order), The DTE Electric Company¹ (Company) as Servicer of the Securitization Bonds and on behalf of the trustee as assignee of The Detroit Edison Securitization Funding LLC hereby submits for the Commission's review and approval, its annual routine true-up adjustment to the current Securitization Bond Charge (SB Charge) and Securitization Bond Tax Charge (SB Tax Charge).

The Commission's November 2nd order provided that,

"Detroit Edison, in its role as servicer of the securitization bonds, should initiate each routine true-up pursuant to Section 10k(3) of Act 142 by filing a request for adjustment that (1) explains how its proposed revision of the securitization and tax charges will ensure the expected recovery of amounts sufficient to timely provide all payments of debt service and other required amounts and charges in connection with the securitization bonds, (2) shows the computation of the proposed adjustments to the securitization charge and the tax charge currently in place, and (3) seeks Commission review and approval-on an expedited basis-of the arithmetic computations contained in the proposed adjustments before they can be implemented. All reviews conducted by the Commission of the computations shall be consistent with the requirements of Section 10k(3) of Act 142 for a true-up mechanism. This review must be completed regarding the servicer's request for adjustments to the securitization charge and the tax charge pursuant to a routine true-up within 45 days after Detroit Edison as servicer files its request for an adjustment.

¹ Effective January 1, 2013 the Detroit Edison Company changed its legal name to DTE Electric Company. This case was originally captioned under the legal name of the Detroit Edison Company.

The determination of the Commission in response to a request for adjustment shall be provided by the Commission to the servicer within the aforementioned 45-day period. The adjustments by the Commission will be to the securitization charge and the tax charge in effect prior to the filing of the request for adjustment and those charges shall remain in place until the adjustments have become effective and are being billed to customers.” (pp. 37 - 38)

Attachment A reflects the routine true-up adjustment formula approved by the Commission in the Financing Order and shows the computation of the proposed adjustments to the Securitization Bond and Securitization Bond Tax Charge currently in place. Further the attachment illustrates how the proposed revision of the securitization and tax charges will provide for amounts sufficient to provide all payments in connection with the securitization bonds. Supporting details can be found within Attachment B.

The Company requests that the Commission timely approve this request so that the new charges may be put into effect on March 1, 2014. Upon the Commission’s approval, the Company will submit updated tariff sheets necessary to implement these changes.

Sincerely,

Ray Seidl
Manager, Regulatory Adjudication and Compliance
