OPINION AND ORDER

In its October 24, 2000 order, the Commission authorized Consumers Energy Company (Consumers) to securitize up to \$468,592,000 of regulatory assets and other qualified costs. Among other issues addressed by the order, the Commission concluded that there must be periodic true-ups of the securitization bond and tax charges to ensure that the amounts collected are sufficient to service the securitization bonds and to recover the associated tax liability. The Commission stated:

The record clearly shows that not only are periodic securitization and tax charge true-ups necessary, but (to provide the certainty needed to obtain a AAA bond rating) they need to be undertaken in a way that allows for their swift and certain resolution. For this reason, the Commission finds that Consumers' proposal should be approved, but with two relatively minor changes. First, based on recent indications by the utility that annual true-ups would be sufficient until one year prior to the bonds' final maturity date (See, Consumers' initial brief, p. 9), the utility should be limited to undertaking no more than one routine true-up per year until the final year that securitization is in place. Moreover, during that final year,

true-ups shall be limited to no more than one per quarter. Second, Consumers should initiate each routine true-up by filing an application that (1) explains the basis for its proposed revision of the securitization and tax charges, (2) shows the computation of its revised charges, and (3) seeks Commission approval--on an expedited basis--of those new charges before they can be implemented. All proceedings must be completed and a final Commission order regarding the utility's request for a routine true-up must be issued within 45 days after Consumers files its application.

October 24, 2000 order, Case No. U-12505, p. 49 (footnote omitted).

On October 14, 2013, Consumers filed its twelfth annual routine true-up adjustment report. The company requested a decrease in its bond principal and interest securitization surcharge from \$0.001387 per kilowatt-hour (kWh) to \$0.001385 per kWh for bills rendered on and after the December 2013 billing month. The company also requested an increase in the tax surcharge from \$0.000682 per kWh to \$0.000849 per kWh.

The Commission Staff (Staff) reviewed the proposed adjustments and concluded that the adjustments were routine, the calculations were accurate, and the proposed adjustments conform to the methodology approved by the Commission.

After considering Consumers' filing and the Staff's review, the Commission agrees that the proposed adjustments are routine, the calculations are accurate, and the proposed adjustments conform to the approved methodology. Consumers should therefore be authorized to implement the adjustments effective for bills rendered on and after the December 2013 billing month.

THEREFORE, IT IS ORDERED that:

A. For bills rendered on and after the December 2013 billing month, Consumers Energy Company is authorized to decrease the bond principal and interest securitization surcharge from 1.387 mills per kilowatt-hour to 1.385 mills per kilowatt-hour and to increase the tax surcharge from 0.682 mills per kilowatt-hour to 0.849 mills per kilowatt-hour.

B. Prior to its December 2013 billing month, Consumers Energy Company shall file with the Commission tariff sheets essentially the same as those set forth in Exhibit A attached to this order.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, pursuant to MCL 462.26.
