Re: In the Matter of the Application of Comcast Phone of Michigan, LLC to Amend the
Geographic Service Area of its License to Provide Basic Local Exchange Service.
MPSC Case No. U-14915
PAPERLESS/E-FILE

Attached for filing, please find an Application to Amend Geographic Service Area and
Request for Temporary Authority on behalf of Comcast Phone of Michigan, LLC, in the above-
captioned proceeding. This Application has been filed electronically, in paperless format, with
the Commission's Electronic Case Filings System.

Very truly yours,

CLARK HILL PLC

Haran C. Rashes

STATE OF MICHIGAN

BEFORE THE MICHIGAN PUBLIC SERVICE COMMISSION

* * * * *

In the Matter of the Application of Comcast)
Phone of Michigan, LLC to Amend the)
Geographic Service Area of its License to)
Provide Basic Local Exchange Service.)

Case No. U-14915

APPLICATION TO AMEND GEOGRAPHIC SERVICE AREA
AND REQUEST FOR TEMPORARY AUTHORITY

Comcast Phone of Michigan, LLC (“Comcast”), by and through its attorneys, Clark Hill PLC, and pursuant to Sections 203, 301 and 302 of the Michigan Telecommunications Act (“MTA”), 1991 PA 179, MCL 484.2101 *et seq.*, as amended, hereby applies to the Michigan Public Service Commission (“Commission” or “MPSC”) to amend the geographic scope of its existing license, or in the alternative for a new license for the requested service areas.

Comcast is currently licensed to provide basic local exchange service in 252 communities throughout Michigan, pursuant to the Commission’s Opinions and Orders of September 12, 1996, in Case No. U-11090, December 21, 1998 in Case No. U-11827, August 20, 2002, in Case No. U-13437, and November 25, 2002, in Case No. U-13520.¹ Comcast’s network facility

¹ The Commission’s Opinion and Order in Case No. U-11090 granted a license to Continental Telecommunications of Michigan, Inc. As was indicated in the Application for a license, Continental Telecommunications Corporation had announced an agreement to merge with U.S. West Media Group, a wholly owned Division of U.S. West, Inc. Subsequent to the issuance of the Commission’s Opinion and Order in Case No. U-11090, Continental was renamed Media One Telecommunications. The Commission’s Opinion and Order in Case No. U-11827 amended the geographic area of Media One’s license to provide basic local exchange service. Effective January 1, 2001, Comcast Corporation purchased Media One Telecommunications of Michigan, Inc. and merged its operations into Comcast. Comcast is the successor in interest to Media One Telecommunications of Michigan, Inc. The Commission’s Opinion and Orders in Case Nos. U-13437 and U-13520 further amended the geographic area of Comcast Telecommunications of Michigan, LLC, n/k/a Comcast Phone of Michigan, LLC’s license to provide basic local exchange service.

service areas, as authorized by the Commission in Case Nos. U-11090, U-11827, U-13437, and U-13520 are defined by the municipal or township boundaries of Comcast's cable television franchises. Although Comcast's service territories are defined by municipal and township boundaries, the local calling areas are based on the incumbent local exchange carrier's existing zone or exchange boundaries.

Comcast is currently authorized to provide basic local exchange service in the following municipalities:

Algonac, City of (St. Clair County)	Caseville Township (Huron County)
Allen Park, City of (Wayne County)	Caseville, Village of (Huron County)
Ann Arbor Township (Washtenaw County)	Center Line, City of (Macomb County)
Ann Arbor, City of (Washtenaw County)	Chelsea, Village of (Washtenaw County)
Armada Township (Macomb County)	Chesterfield Township (Macomb County)
Armada, Village of (Macomb County)	China Township (St. Clair County)
Auburn Hills, City of (Oakland County)	Clarkston, Village of (Oakland County)
Augusta Township (Washtenaw County)	Clawson, City of (Oakland County)
Bad Axe, City of (Huron County)	Clay Township (St. Clair County)

 Ypsilanti, City of (Washtenaw County)

Since Comcast's license was last amended, in 2002, the company has expanded its existing cable franchises and acquired additional cable franchises. The company now realizes that it would be in both the public and the company's interest to expand its license in Michigan. Comcast seeks to expand the geographic scope of its license to include the contiguous municipalities for which Comcast currently has acquired or expanded cable television franchises since its license was last amended. These 230 additional municipalities are:

Ada, Village of (Kent County)	Cambria Township (Hillsdale County)
Adams Township (Hillsdale County)	Cambridge Township (Lenawee County)
Addison Village of (Lenawee County)	Cannon Township (Kent County)
Adrian Township (Lenawee County)	Cascade Township (Kent County)
Adrian, City of (Lenawee County)	Casco Township (Allegan County)
Alaiedon Township (Ingham County)	Cassopolis, Village of (Cass County)
Allen Township (Hillsdale County)	Cedar Creek Township (Muskegon County)
Almena Township (Van Buren County)	Cement City, Village of (Lenawee County)
Alpine Township (Kent County)	Centreville, Village of (St. Joseph County)
Antwerp Township (Van Buren County)	Charlestown Township (Kalamazoo County)
Arlington, Township of (Van Buren County)	Chikaming Township (Berrien County)
Augusta, Village of (Kalamazoo County)	Clyde Township (Allegan County)
Bainbridge Township (Berrien County)	Coloma Township (Berrien County)
Bangor Township (Van Buren County)	Coloma, City of (Berrien County)
Bangor, City of (Van Buren County)	Columbia Township (Jackson County)
Baroda Township (Van Buren County)	Comstock Township (Kalamazoo County)
Baroda, Village of (Van Buren County)	Constantine Township (St. Joseph County)
Barry Township (Barry County)	Constantine, Village of (St. Joseph County)
Battle Creek, City of (Calhoun County)	Covert Township (Van Buren County)
Bedford Township (Calhoun County)	Dalton Township (Muskegon County)
Berrien Springs, Village of (Berrien County)	Dayton Township (Newaygo County)
Berrien Township (Berrien County)	Decatur Township (Van Buren County)
Bertrand Township (Berrien County)	Decatur, Village of (Van Buren County)
Blackman Township (Jackson County)	Delhi Township (Ingham County)
Brady Township (Kalamazoo County)	Delta Township (Eaton County)
Bridgeman, City of (Berrien County)	Dewitt Township (Clinton County)
Britton, Village of (Lenawee County)	Dewitt, City of (Clinton County)
Brooklyn, City of (Lenawee County)	Dorr Township (Allegan County)
Brooks Township (Newaygo County)	Douglas, Village of (Allegan County)
Buchanan Township (Berrien County)	Dover Township (Lenawee County)
Buchanan, City of (Berrien County)	Dowagiac, City of (Cass County)
Byron Township (Kent County)	East Grand Rapids, City of (Kent County)
Caledonia Township (Kent County)	East Lansing, City of (Ingham County)
Calvin Township (Cass County)	Eaton Rapids Township (Eaton County)

Eaton Rapids, City of (Eaton County)
Edwardsburg, Village of (Cass County)
Egelston Township (Muskegon County)
Emmett Township (Calhoun County)
Everett Township (Newaygo County)
Fabius Township (St. Joseph County)
Fairfield Township (Lenawee County)
Fayette Township (Hillsdale County)
Fennville, City of (Allegan County)
Ferrysburg, City of (Ottawa County)
Flowerfield Township (St. Joseph County)
Franklin Township (Lenawee County)
Fremont, City of (Newaygo County)
Fruitland Township (Muskegon County)
Fruitport Township (Muskegon County)
Gaines Township (Kent County)
Galesburg, City of (Kalamazoo County)
Ganges Township (Allegan County)
Garfield Township (Newaygo County)
Geneva Township (Van Buren County)
Georgetown Township (Ottawa County)
Grand Beach, Village of (Berrien County)
Grand Ledge, City of (Clinton County)
Grand Rapids, City of (Kent County)
Grand Rapids, Village of (Kent County)
Grandville, City of (Kent County)
Grattan Township (Kent County)
Hagar Township (Berrien County)
Hamilton Township (Van Buren County)
Hamlin Township (Eaton County)
Hartford Township (Van Buren County)
Hartford, City of (Van Buren County)
Hillsdale Township (Hillsdale County)
Hillsdale, City of (Hillsdale County)
Holland, City of (Ottawa County)
Holton Township (Muskegon County)
Howard Township (Cass County)
Jackson, City of (Jackson County)
Jamestown Township (Ottawa County)
Jefferson Township (Hillsdale County)
Jonesville, Village of (Hillsdale County)
Kentwood, City of (Kent County)
La Grange Township (Cass County)
Lake Township (Berrien County)
Laketon Township (Muskegon County)
Laketown Township (Allegan County)

Lansing Township (Ingham County)
Lansing, City of (Ingham County)
Lawrence Township (Van Buren County)
Lawrence, Village of (Van Buren County)
Lawton, City of (Van Buren County)
Leoni Township (Jackson County)
Leroy Township (Calhoun County)
Liberty Township (Jackson County)
Lincoln Township (Berrien County)
Lockport Township (St. Joseph County)
Lowell Township (Kent County)
Madison Township (Lenawee County)
Manlius Township (Allegan County)
Marcellus Township (Cass County)
Marshall Township (Calhoun County)
Mason Township (Cass County)
Mendon Township (St. Joseph County)

Sodus Township (Berrien County)	Windsor Township (Eaton County)
Somerset Township (Hillsdale County)	Woodstock Township (Lenawee County)
South Haven Township (Van Buren County)	Wright Township (Hillsdale County)
	Wyoming, City of (Kent County)

A list of the additional municipalities in which Comcast proposes to be licensed, along with the incumbent local exchange carrier's zone and exchange areas in which these communities fall, are contained on Appendix A attached to this Application. A list of the municipalities in which Comcast is presently licensed to provide basic local exchange service,

along with the incumbent local exchange carrier's zone and exchange areas in which these communities fall, are contained on Appendix B attached to this Application.

For the purposes of local calling areas, Comcast intends to mirror the map and legal description sections of the local calling area boundaries contained in the tariffs filed by the incumbent local exchange carriers for the zone and exchanges in which the above-listed municipalities fall. Comcast understands that any future modifications to these local calling area zone or exchange boundaries or legal descriptions of these boundaries will be automatically mirrored by Comcast on a going forward basis. If not mirrored, new detailed maps and legal descriptions, on an individual exchange basis, will be filed with the Commission for approval.

Comcast asks that the additional service areas be added to Comcast's existing license as an amendment of the geographic scope of its license, or in the alternative that a new license be issued to Comcast for these municipal service territories.

Comcast encourages the Commission to use its jurisdiction under the MTA to grant this Application, as it will allow more Michigan consumers to benefit from the provisions of Comcast's services, which, in turn will encourage other carriers to provide more efficient service at lower prices. In addition, Comcast believes the Commission can expeditiously handle this request. Pursuant to past Commission practice, no hearing is required and the Commission may grant Comcast's Application on an *ex parte* basis, as it has done in several other instances, including Comcast's previous license expansions in MPSC Case Nos. U-18827, U-13437, and U-13520.

Comcast submits that it is in compliance with the Commission's pronounced standards regarding amendments to the geographic area of a license as demonstrated at the following sections of this Application. The standards are set forth in the Uniform Filing Requirements

(“UFR”)² adopted by the Commission in Case No. U-10129 on February 23, 1993. The relevant portion of the UFR, as it pertains to the instant Application, is Part II-Licensing. Subpart I-B of Part II requires an applicant seeking an amendment to:

1. File appropriate maps and exhibits describing the proposed alteration;
2. Give notice to all affected persons; and,
3. File documentation that the proposed alteration is in the public interest.

Furthermore, Subpart I-D of Part II requires requests to serve customers or end users in another telecommunication provider’s license to service area to comply with Subpart I-A(2), which requires an applicant seeking amendment to discuss the impact on the following:

1. Applicant’s technical, financial, and managerial resources and abilities to provide basic local exchange service to every person within the geographic area of the license;
2. The public interest;
3. Quality of local exchange service; and,
4. Rates for basic local exchange services.

The UFR further provides:

If information has been previously filed with the Commission in a licensing matter, providers need only to identify when and to whom that information was provided, in what Commission case or docket (if applicable), and any comments related to that information which might serve to update or clarify it.

Accordingly, this Application will update the Application and Testimony submitted in Case Nos. U-11090, U-11827, U-13437, and U-13520. The Exhibits and Testimony filed in Case Nos. U-11090, U-11827, U-13437, and U-13520 will not be re-filed here.

² The UFR, adopted by Opinion and Order dated February 23, 1993, in Case No. U-10129.

1. Description or Identification of the Requested Alteration or Amendment to the Geographic Area of Comcast's License to Provide Basic Local Exchange Service, [UFR, Part II, Subpart I-B(1)].

A. Additional Service Areas.

In the time since the Commission granted Comcast a license to provide basic local exchange service within selected areas in the State of Michigan, Comcast has actively offered service in many of the municipalities in which it is authorized to offer service. Comcast has its tariff for basic local exchange service on file with the Commission. Comcast has in place Interconnection Agreements with SBC Michigan, CenturyTel of Michigan, Inc., CenturyTel Midwest – Michigan, Inc., CenturyTel of Northern Michigan, Inc., CenturyTel of Upper Michigan, Inc., Verizon North Inc. and Contel of the South, Inc., d/b/a Verizon North Systems. The Interconnection Agreement with SBC Michigan was approved by the Commission on July 10, 2002, in Case No. U-13378. The Interconnection Agreement with CenturyTel of Michigan, Inc., CenturyTel Midwest – Michigan, Inc., CenturyTel of Northern Michigan, Inc., and CenturyTel of Upper Michigan, Inc., was approved by the Commission on November 30, 2005 in Case No. U-14680. The Interconnection Agreement with Verizon North Inc. and Contel of the South, Inc., d/b/a Verizon North Systems. was approved by the Commission on January 25, 2005 in Case No. U-14396.

Comcast will serve the additional service areas as well as the service areas that it's presently licensed to serve, using its installed hybrid fiber/coax broadband network and future expansions of that network, together with any necessary interconnection agreements. Comcast seeks to expand the geographic area of its license to include those municipalities listed on the attached Appendix A.

B. Description of the Impact on Applicant's Technical, Financial, and Managerial Resources and Abilities to Provide Basic Local Exchange Service Within the Geographic Area of the License. [UFR, Part II, Subpart I-A(2)].

Comcast Phone of Michigan, LLC is a subsidiary of Comcast Corporation (NYSE:CMCSK), which is the largest cable television operator in the State of Michigan with approximately one million cable television customers. Effective January 1, 2001, Comcast purchased Media One Telecommunications of Michigan, Inc. and merged its operation into Comcast. Comcast is a successor and interest to Media One Telecommunications of Michigan, Inc. Comcast was licensed to provide basic local exchange service in Michigan by the Commission in Case Nos. U-11090, U-11827, U-13437 and U-13520. Under its former name, Continental Telecommunications of Michigan, the Commission reviewed Comcast's financial, technical, and managerial qualifications in Case No. U-11090. In its Order of September 12, 1996, in Case No. U-11090, the Commission specifically determined that Comcast possesses the necessary financial, technical, and managerial resources to provide basic local exchange service in Michigan and that granting the request of authority to Comcast would serve the public interest. Since the granting of the license in Case No. U-11090, and since the amendments to its license in Cases No. U-11827, U-13437, U-13520, Comcast has enhanced its financial, technical, and managerial capabilities to offer service in Michigan and has demonstrated a commitment to do so. Expansion of the license to include the additional geographic areas is a natural extension of Comcast's existing license.

C. Financial Qualifications.

Under its former name, Continental Telecommunications of Michigan, the Commission reviewed Comcast's financial qualifications in Case No. U-11090. These qualifications were presented in Comcast's original application and also by its witnesses, David W. Childs and Gary F. Lindgren ("Comcast's Witnesses"). Based upon this evidence, the Commission granted

Comcast's Application, concluding that Comcast was financially qualified to provide basic local exchange service within selected Michigan municipalities. Comcast continues to be financially qualified to provide basic local exchange service. Thus, the Commission can conclude that Comcast is financially qualified to expand its license to include the additional geographic areas and should accordingly grant the incident Application.

D. Managerial and Technical Qualifications.

Under its former name, Continental Telecommunications of Michigan, the Commission reviewed Comcast's managerial and technical qualifications in Case No. U-11090. These qualifications were presented in Comcast's original Application and also by Comcast's Witnesses. Based upon this evidence, the Commission granted Comcast's Application concluding that Comcast was technically and managerially qualified to provide basic local exchange service within selected Michigan municipalities. Since Comcast continues to be managerially and technically qualified, the Commission should promptly grant the instant Application.

E. Public Interest

Under its former name, Continental Telecommunications of Michigan, the Commission reviewed whether or not Comcast's offering of basic local exchange service would be in the public interest in Case No. U-11090. The Commission found that granting Comcast a license to provide basic local exchange service would "not be contrary to the public interest." MPSC Case No. U-11090, Order, Sept. 12, 1996, p 12. In granting subsequent amendments to that initial license, this Commission has, on three occasions, specifically found that "[a]mending Comcast's license to provide basic local exchange service [as is requested herein] is in the public interest." MPSC Case No. U-11827, Opinion and Order, Dec 21, 1998, p 2; MPSC Case No. U-13437, Aug 20, 2002, p 2; MPSC Case No. U-13520, Nov 25, 2002, p 2. Comcast continues to

offer high quality facilities-based basic local exchange service and there is no reason that the Commission should not find, as it has on three other occasions, that amending Comcast's license is in the public interest.

2. Discussion of the Impact on Quality of Basic Local Exchange Service [UFR, Part II, Subpart I-A(2)(c)]

Based on the evidence concerning the impact on quality of basic local exchange service provided in support Comcast's Application, in Case No. U-11090, as presented by Comcast Witnesses, the Commission granted Comcast's Application in Case No. U-11090, the Commission has previously found an extension of Comcast's service area is in the public interest in Case Nos. U-11827, U-13437, and U-13520. Similarly, granting this Application to serve the additional service areas will not adversely impact the quality of basic local exchange service in any of these additional geographic areas.

3. Discussion of the Impact on Rates for Basic Local Exchange Services [UFR, Part II, Subpart I-A(2)(a)]

The Commission already considered the impact on rates for basic local exchange services, which will result from the issuance of a license to Comcast, and determined that such rates would not be adversely affected. There is no reason for the instant Application to change that result. Accordingly, the Commission should find that the rates in the requested additional geographic areas would not be adversely affected by a grant of Comcast's Application.

**COMCAST FULLY MEETS THE REQUIREMENTS
FOR A TEMPORARY LICENSE**

Comcast further requests the granting of a temporary license for the additional geographic areas that are the subject of this Application. Section 301(2) of the MTA states, "pending the determination of an application for a license the Commission without notice and

hearing may issue a temporary license for a period not to exceed one year.” Granting Comcast a temporary license will allow it to promptly begin the process of offering various services for which a license is required in the additional geographic areas. Prior to offering such services, Comcast must also request numbering resources from NeuStar, Inc., a time consuming process. NeuStar requires evidence of licensure from this Commission before it will allow Comcast to begin this process. Comcast will provide any services under the temporary license in accordance with the regulatory requirements specified in the MTA. Prior to commencing any regulated service under the temporary license, Comcast will submit a final tariff reflecting the services that it will offer and identifying the specific zone and exchanges in which it will offer service.

CONCLUSION

Comcast has demonstrated that it possesses sufficient technical, financial, and managerial resources and abilities to provide basic local exchange service in the additional service areas. Comcast has also demonstrated that its exercise of authority to serve the additional service areas will not adversely affect local exchange prices or network design and that it would not be contrary to the public interest.

WHEREFORE, Comcast Phone of Michigan, LLC, respectfully requests that the Commission enter Temporary and Permanent Orders:

1. Amending Comcast Telecommunications of Michigan, LLC’s license to provide basic local exchange service to include the 230 additional service areas defined in this Application; and,

2. Granting such other relief as is fair and just.

Respectfully Submitted,

CLARK HILL PLC
