At the June 27, 2006 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. J. Peter Lark, Chairman
Hon. Laura Chappelle, Commissioner
Hon. Monica Martinez, Commissioner

ORDER

On May 26, 2006, EagleNet, Inc., filed an application, pursuant to the Michigan Telecommunications Act, MCL 484.2101 *et seq.*, for a temporary and permanent license expansion to provide basic local exchange service to all zone and exchange areas licensed by JAS Networks as well as all the remaining areas of the state in the zone and exchange areas of AT&T Michigan, Verizon North, Inc., and Contel of the South, Inc., d/b/a Verizon North Systems, in the lower peninsula of the state. EagleNet received a license to provide basic local exchange service in the zone and exchange areas of AT&T Michigan, f/k/a Ameritech Michigan (Ameritech Michigan), and Verizon North Inc. and Contel of the South, Inc., d/b/a Verizon North Systems (Verizon) in the Grand Rapids LATA in the October 24, 2000 order in Case No. U-12575.

EagleNet states that it intends to acquire JAS Networks, Inc. JAS Networks received a license to provide basic local exchange service in all exchange areas currently served by Ameritech Michigan, Verizon North Inc. and Contel of the South, Inc. d/b/a Verizon in the lower peninsula of the state in the February 1, 2002 order in Case No. U-13179. EagleNet seeks to amend the geographic scope of its license to include all the areas licensed for JAS Networks as well as the remainder of the state. EagleNet states that a temporary license will allow it to begin negotiating interconnection agreements necessary to provide service. The Commission has directed EagleNet to issue a public notice of its request July 7, 2006. Comments are due July 24, 2006.

MCL 484.2301(2) states: "Pending a determination of an application for a license, the commission without notice and hearing may issue a temporary license for a period not to exceed 1 year."

After review of the application the Commission finds that approval of the application for a temporary license expansion is in the public interest.

The Commission FINDS that:

- a. Jurisdiction is pursuant to 1991 PA 179, as amended, MCL 484.2101 *et seq.*; 1969 PA 306, as amended, MCL 24.201 *et seq.*; and the Commission's Rules of Practice and Procedure, as amended, 1999 AC, R 460.17101 *et seq.*
- b. EagleNet should be granted a temporary license expansion.

THEREFORE, IT IS ORDERED that:

A. EagleNet, Inc., is granted a temporary license expansion to provide basic local exchange service in all areas licensed by JAS Networks as well as all the remaining areas of the state in the zone and exchange areas of AT&T Michigan, Verizon North, Inc., and Contel of the South, Inc.,

d/b/a Verizon North Systems, in the lower peninsula of the state. The temporary license shall expire upon issuance of the final order granting or denying its application for a permanent license expansion.

B. EagleNet, Inc., shall provide basic local exchange service under the temporary license in accordance with the regulatory requirements specified in the Michigan Telecommunications Act, MCL 484.2101 *et seq.*, including the number portability provisions of Section 358, the anti-slamming procedures adopted in Case No. U-11900, and the number reclamation process adopted in Case No. U-12703.

C. Before commencing basic local exchange service under the temporary license, EagleNet, Inc., shall submit its tariff reflecting the services that it will offer and identifying the exchanges in which it will offer service.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so by the filing of a claim of appeal in the Michigan Court of Appeals within 30 days of the issuance of this order, pursuant to MCL 484.2203(12).
