MPSC Case No.:	U-14754
Respondent:	A. R. Lyle II
Requestor:	Staff
Question No.:	STMC-1.3/3
Page:	1 of 1

Question: Please state the number of transportation contracts that currently exist and expired transportation contracts in which MichCon or its affiliates require Antrim gas shippers to treat their CO2 to a limit of 0.75 percent or lower.

- a. Please provide the names of the Antrim gas shippers with respect to question 3 above.

Answer: For purposes of this answer, MichCon and MGAT assume that "Antrim gas shippers" means gas shippers using the AEP. One executed contract for transportation services only has the specification of 0.75% or lower. Dominion Midwest Energy, Inc. and Dominion Reserves Inc. (jointly) executed the ASAT contract.
