Re: Avery 15, Briley 6, Briley, 9, and Vienna 16 Pipelines
Case No. U-10462
Transfer of Interest and Ownership

Dear Executive Secretary Felice:

Please be advised that TAI, Inc., d/b/a Trendwell Antrim, Inc. ("TAI"), has assigned its interests in and rights to operate the above-referenced Act 9 gas transmission pipelines approved in the above-referenced proceeding. Insofar and only insofar as it relates to the above-referenced pipelines, TAI has also assigned its interests, rights and responsibilities under the Order issued by the Michigan Public Service Commission on February 9, 1994, which have been assumed by the assignee. This transfer will be effective when the operatorship of the fields has been transitioned to the assignee, which will be fifteen (15) days after all of the permits issued by the Department of Environment, Great Lakes and Energy ("EGLE") with respect to the wells in the fields have been transferred by EGLE from TAI to the assignee. The permit transfers are being requested from EGLE contemporaneously with this letter. The new owner and operator is:

Riverside Energy Michigan, LLC
10691 East Carter Road, Suite 201
Traverse City, MI 49684

Should you have any questions about this transfer, feel free to contact the undersigned.

Sincerely,

TAI, INC., D/B/A TRENDWELL ANTRIM, INC.
