GOVERNOR

STATE OF MICHIGAN
PUBLIC SERVICE COMMISSION
DEPARTMENT OF LABOR & ECONOMIC GROWTH
ROBERT W. SWANSON
DIRECTOR

J. Peter Lark
CHAIRMAN

Laura Chappelle
COMMISSIONER

Monica Martinez
COMMISSIONER

July 6, 2006

Dear Concerned Citizen:

Thank you for your recent letter to the Michigan Public Service Commission providing comments on: (1) the Commission's March 23, 2006 order directing The Detroit Edison Company to show cause why its electric rates should not be reduced, Case No. U-14838, and (2) the development of Michigan's 21st Century Energy Plan.

Because Case No. U-14838 is now being litigated before the Commission, the Commission cannot, by law, respond directly to your comments. However, your letter has been placed in the file for this case and will be available to the Commission for review. If you wish to follow the progress of Case No. U-14838, you may do so by going to the Commission's homepage at: <http://www.michigan.gov/mpsc> and then clicking Documents Library, followed by Electronic Case Filings, and entering Case No. U-14838.

The 21st Century Energy Plan has been assigned to Commission Chairman Lark, rather than to the Commission as a whole. In this capacity, Chairman Lark is currently soliciting input with the goal of completing a final report by December 31, 2006. At this time, I cannot say whether any specific recommendations from that report will subsequently result in contested cases before the Commission. If they do so, you will then have an opportunity to present arguments to the Commissioners in that case. Additional information on the status of the 21st Century Energy Plan may be obtained by going to the Commission's homepage at: <http://www.michigan.gov/mpsc> and then clicking 21st Century Energy Plan.

Thank you for your interest in Michigan's energy future. Chairman Lark and Commissioners Chappelle and Martinez are always interested in receiving comments regarding energy matters from concerned citizens.

Sincerely,

Mary Jo Kunkle
