**REPORT OF VILAIRE COMMUNICATIONS RE:
IMPLEMENTATION OF PRIMARY BASIC LOCAL EXCHANGE SERVICE
OFFERING IN MICHIGAN**

Pursuant to order issued by the Michigan Public Service Commission ("Commission") on May 25, 2006, in the above entitled matter, Vilaire Communications provides the following evidence of steps taken to make Primary Basic Local Exchange Service available to the public.

1. Steps Taken To Make Primary Basic Local Exchange Service Available

Primary Basic Local Exchange Service ("PBLES") is defined as the provision of one (1) primary access line to a residential customer for voice communications, including 1) not fewer than 100 outgoing calls per month; 2) not less than 12,000 outgoing minutes per month; and 3) unlimited incoming calls¹. Vilaire Communications is a carrier that is new to Michigan and will be providing only PBLES in Michigan. Consequently, Vilaire Communications has geared its entire entry into the Michigan market to provide PBLES.² Vilaire Communications' PBLES service consists of service permitting unlimited outgoing local calls and unlimited incoming calls, for a flat monthly fee, as indicated in its Michigan Local Exchange Tariff approved by the

¹ MCL § 484.2102(y).

² Certain optional calling features are also available.

Commission on March 24, 2006. The service offerings are more particularly described in pages 62-77 of the tariff, which is attached as Exhibit A.

In fulfilling its obligations to provide PBLES, Vilaire has obtained its license from this Commission, obtained an interconnection agreement and commercial agreements with other carriers, filed a tariff for its services, and obtained ETC approval from this Commission to better enable Vilaire to offer the PBLES service that is its service niche. In addition, Vilaire began advertising the availability of reduced-rate PBLES in Michigan via television commercials on June 6, 2006. Vilaire is now ready to begin offering its services to the public.

2. Number of Requests for PBLES Since Passage of Act 235

Vilaire Communications was new to Michigan when Act 235 was enacted, and has just begun advertising its services as of June 6, 2006. No information as to customer requests is yet available.

3. Number of Customers Receiving Service As Of May 1, 2006

Vilaire was not offering services in and had no customers in Michigan on or before of May 1, 2006.

Respectfully submitted,

CLARK HILL PLC

TARIFF EXCERPTS

Vilaire Communications

Regulations and Schedule of Intrastate Charges
Applying to Local End-User Telecommunications Service
Within the State of Michigan

This Tariff ("Tariff") contains the descriptions, regulations, and rates applicable to the provision of local exchange telecommunications services provided by Vilaire Communications with principal offices at 3875 Steilacoom Boulevard S.W. #A, Lakewood, Washington 98499 for services furnished to residential customers within the State of Michigan. This Tariff is on file with the Michigan Public Service Commission, and copies may be inspected, during normal business hours, at the Company's principal place of business.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services****3.9.1 Basic Local Exchange Service - Generally**

Basic Local Exchange Service provides a Customer with single-party, voice grade access to the public switched network, utilizing dual-tone multi-frequency signaling, or its functional equivalent. Each Basic Local Exchange Service corresponds to one or more telephonic communications channels that can be used to place or receive one call at a time. Basic Local Exchange Service permits the Customer to:

- (A) make calls to other stations within the Customer's local calling area;
- (B) receive calls from other stations on the public switched telephone network;
- (C) access interexchange and international calling services;
- (D) access emergency services by dialing -0- or 9-1-1;
- (E) access operator services;
- (F) access directory assistance services; and
- (G) access to services for the hearing or speech impaired.

Basic Local Exchange Service can also be used to originate calls to other telephone companies' caller-paid information services (e.g. NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch at no charge upon Customer request.

Company provides toll restriction services to Customers upon request for a fee and to Lifeline qualifying Customers at no charge pursuant to Federal Communications Commission rules.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services****3.9.2 Residential Basic Line Service**

Residential Basic Line Service provides a residential Customer with all of the features of basic local exchange service set forth above, provided over a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. See Section 4 for rates.

Call detail of individual local calls will not be provided on the monthly bill.

A. Residential Primary Basic Local Exchange Service

- (1) With Primary Basic Local Exchange Service, the Customer pays a monthly rate per access line that includes: (a) unlimited incoming calls, (b) unlimited outgoing minutes per month; and (c) unlimited outgoing calls within the Customer's local calling area.

3.9.3 Custom Calling Features

- (A) Call Forwarding - Variable - a Customer activated feature that automatically transfers all incoming calls from the Customer's telephone number to another dialable telephone number until the Customer deactivates the feature. If forwarded to a long distance number the Subscriber will incur the long distance charges.
- (B) Call Waiting -provides a tone/signal to a Customer that has a call in progress, that another call has been placed to that Customer's telephone number. The Customer may elect to hold the first call, by use of the switchhook, and answer the second call; as well as alternate between calls by pressing the switchhook. The Customer may elect not to respond to the signal, and continue the original call. In locations where the Company has made it available, Call Waiting may be deactivated prior to making an outgoing call, (or during a call if the Customer has Three-Way Calling).

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services, cont'd****3.9.3 Custom Calling Features, cont'd**

- (C) Caller Identification – Number - allows for the automatic delivery of a calling party's telephone number (including nonpublished and nonlisted telephone numbers) to the called Customer, which gives the called Customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on Customer provided equipment. Caller Identification Customers who do not wish to receive blocked calls can activate Anonymous Call Rejection (USOC: AYK) by pressing *77 (1177 on rotary phones). The code to deactivate is *87 (1187 on rotary phones). While the feature is activated, incoming blocked calls are routed to an announcement in the central office.
- (D) Three Way Calling - permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services, Cont'd.****3.9.4 Directory Assistance Service**

The Company furnishes Directory Assistance Service ("DA") for the purpose of aiding subscribers in obtaining telephone numbers through arrangements with the incumbent local exchange carrier when a party in Michigan requests assistance in obtaining telephone numbers of subscribers who are located within the same numbering plan area as the number the party is calling from.

In order to make allowance for a reasonable need for numbering plan area DA service, including numbers not in the directory, directory inaccessibility and other conditions, no charge applies for the first three calls for telephone numbers of subscribers who are located within the numbering plan area of the calling party per month per station access line. The allowance is cumulative for all group billed services furnished on the same premises or as part of the same system within an exchange.

Charges for DA are not applicable to inquiries received from public and semipublic telephones, nor from telephone service furnished for the use of handicapped persons.

3.10 Emergency Services

Allows Customers to reach appropriate emergency services including police, fire and medical services. The 911 Service includes lines and central office features necessary to provide the capability to answer, transfer and dispatch public emergency telephone calls originated by persons within the telephone central office areas arranged for 911 calling. If 911 Service is not available in an area, the Company shall make arrangements for the Customer to reach the appropriate emergency services through dialing "0".

3.11 Telecommunications Relay Service

Telecommunications Relay Service enables hearing-impaired or speech-impaired persons who use a text telephone or similar devices to communicate freely with the hearing population for using the text telephone and vice versa. The Company does not impose any charge to end users for access to Telecommunications Relay Service. However, persons using this Service are liable for applicable per call/increment charges.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.12 Call Blocking Service**

Call Blocking Service is a Service which provides Customers with the capability to block originating calls to the 1-900 calling networks or 976 services. When Call Blocking Service is requested, all originating calls to 900 numbers nationwide will be blocked. Calls to a 976 service will also be blocked. Customers with Call Blocking Service attempting to dial a 900 number from a restricted line will reach a Company-provided or DUC-provided intercept announcement. Call Blocking is provided at no charge.

3.13 Toll Restriction**3.13.1 Description of the Service**

- A. Toll Restriction is an optical central office service that restricts access to the network as defined herein. Restricted calls are directed to a central office announcement.
- B. Limitations of the Service
 - 1. Toll Restriction will be offered to Residence One-Party Customers only.
 - 2. Toll Restriction will be provided, where facilities permit, subject to the following:
 - a. Toll Restriction will not allow 1+, 0+, 0-, 10-xxx, 900, or interzone calls to be completed.
 - b. Toll Restriction does not restrict local calls, calls to intraNPA Directory Assistance, Telephone Repair Service, Emergency Services such as 9-1-1, or calls to 800 or 950 numbers.
 - c. Toll Restrictions will not be offered in areas where 9-1-1 is not available.
 - d. Toll billing exception may apply to prevent collect calls and calls billed to a third party.
 - e. Blocking of 976 or other intraLATA CIS Services will be offered free of charge.
 - f. Lifeline Customers receive toll restriction service free of charge.

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.14 Lifeline and Link-up Service****3.14.1 Lifeline Program**

- (A) The lifeline program provides assistance for eligible Residential Customers. For eligible Residential Customers under the age of 65, the assistance available is the greater of \$8.25 per Customer per month or 20% of the basic local exchange rate. For eligible Customers over the age of 65, the assistance available is the greater of \$12.35 per Customer per month or 25% of the basic local exchange rate. These reduced rates, or greater reductions, are reflected in the Lifeline pricing in Section 4 of this tariff.
- (B) Customers are eligible if the Customer's annual income does not exceed 150% of the federal poverty income standards as determined by the United States Office of Management and Budget and as approved by the state treasurer, or the person must participate in 1 or more of the following federal assistance programs: Medicaid; Food Stamps; Supplemental Security Income; Federal Public Housing Assistance; Low-Income home energy assistance program; National School Lunch Program's Free Lunch Program; or Temporary Assistance for Needy Families.
- (C) Toll blocking service, by Customer choice, will be offered free of charge to lifeline Customers.

3.14.2 Link-Up Program

- (A) The Link-Up America Program is a federally-sponsored telephone assistance program designed to make basic telephone service accessible to qualifying low-income Customers who are currently not on the public switched network.
- (B) A Customer eligible for the Lifeline Program is automatically eligible for the Link-Up Program. However, a Customer can qualify and receive assistance under the Link-Up- America program independently of the Lifeline Program.

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.14 Lifeline and Link-up Service, cont'd****3.14.2 Link-Up Program, cont'd**

(C) Assistance is provided to the qualifying low-income Customer by one or both of the following programs:

1. A fifty percent (50%) reduction of the service connection charges not to exceed \$30.00 for connection of telephone services at the qualifying low-income Customer's principal place of residence. In its sole discretion, Company may provide additional discounts off of the service connection charges.
2. A one-year, non-interest assessed, deferred payment plan for payment, up to \$200, of service connection charges associated with the establishment of telephone service for the qualifying low-income Customer. Service connection charges include those charges, as specified in this tariff, customarily associated for the establishment of telephone service.

(D) Eligibility Requirements

The Link-Up America Program will be provided for a primary single access line at the qualifying Customer's principal place of residence. Customers are eligible if the Customer's annual income does not exceed 150% of the federal poverty income standards as determined by the United States Office of Management and Budget and as approved by the state treasurer, or the person must participate in 1 or more of the following federal assistance programs: Medicaid; Food Stamps; Supplemental Security Income; Federal Public Housing Assistance; Low-Income home energy assistance program; National School Lunch Program's Free Lunch Program; or Temporary Assistance for Needy Families.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.15 IntraLATA Presubscription Procedures****3.15.1 General**

IntraLATA presubscription is a procedure whereby a subscriber designates to the Company the carrier which the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per-call basis.

3.15.2 Options

Option A: Subscriber may select the Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select his/her interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D: Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.15 IntraLATA Presubscription Procedures (Cont'd)****3.15.3 Regulations**

Subscribers of record on the effective date of this Tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D for intraLATA presubscription.

Subscribers may change their selected option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in paragraph 5 following.

3.15.4 Customer Notices

The Company will notify subscribers of the availability of intraLATA presubscription. The notice will contain a description of intraLATA toll presubscription, how to make an intraLATA toll presubscription carrier selection, and a description of when and what charges apply related to the selection of an intraLATA toll carrier.

SECTION 4 - RATES AND CHARGES, CONT'D.

4.8 IntraLATA Toll Presubscription Change Charge

4.8.1 Application of Rates

There will be no charge for a subscriber's initial intraLATA toll presubscription selection.

New local service subscribers will be asked to select a carrier(s) for their intraLATA toll and interLATA calls subject to presubscription at the time they place an order with the Company for local exchange service. If the new subscriber is unable to make a selection at that time, the new subscriber will be read a random listing of all available intraLATA toll carriers to aid his/her selection. If the new subscriber is still unable to make a selection at that time, the Company will inform the new subscriber that he/she will be given 90 days in which to inform the Company of an intraLATA toll presubscription carrier at no charge. The new subscriber will also be informed that the Company will assess a charge for any selection made after the 90 day window and that until a selection is made, the subscriber will be required to dial a carrier access code to route all intraLATA toll calls.

New subscribers who do not make an intraLATA toll carrier presubscription choice at the time the new subscriber places an order establishing local exchange service with the Company will not be presubscribed to any intraLATA toll carrier, but rather will be required to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

After a subscriber's initial selection for a presubscribed intraLATA toll carrier, an intraLATA presubscription change charge will apply for any change thereafter.

4.8.2. IntraLATA Presubscription Change Charge

Per line, trunk, or port

Non-recurring
Charge

Initial line, trunk, or port	\$5.00
Additional line, trunk, or port	\$5.00

SECTION 4 - RATES AND CHARGES, CONT'D.**4.9 Rates By Individual Contract Basis (ICB)**

In lieu of the rates otherwise set forth in this Tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for the Company's services may be established at negotiated rates on an individual contract basis (ICB), taking into account the nature of the facilities and services, the costs of construction and operation, the volume of traffic, the length of service commitment by the Customer, and use of facilities by other Customers. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligation and regulation set forth in this Tariff shall be incorporated into, and become a part of, said contract, and shall be binding on the Company and the Customer. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis.

In addition to any rate or charge established by the Carrier, the Customer will also be responsible for any recurring or non-recurring charges imposed by local exchange telephone companies incurred by or on behalf of the Customer in establishing and maintaining service. Such charges may be billed by the Carrier or directly by the local exchange company, at the Carrier's option.

Upon completion of any contractual arrangements entered into under this section, the Company will file additional tariff sheets as an amendment to this Tariff summarizing the services, rates, terms, conditions, and duration of the contract, and will make the contract itself available to the Commission upon the Commission's request. The Company reserves the right to protection from public disclosure of proprietary information contained in such contracts as allowed under law.

SECTION 4 - RATES AND CHARGES, CONT'D.**4.10 Promotional Offerings**

The Company, from time to time, may make promotional offerings of its services, which may include waiving or reducing the applicable charges for the promoted service. Promotions will be filed as separate tariff sheets under this section 4.10.

All promotions will be limited in duration, and will identify a definite, reasonable time period during which the promotion will be in effect. A promotion may also be limited as to the locations where the offerings are made. A promotion may also, if so designated, provide for its conclusion upon the occurrence of a promotion-related event that is reasonably certain to occur, although the timing may not be certain.

All promotions shall be made available to other carriers for resale, and shall be priced, in conjunction with the entire service offering as a whole, above the Company's total service long run incremental cost.

Promotions will be implemented with at least one day's notice prior to the effective date of each promotion.
