This is a petition in support of Hartland Township's ordinance against above ground High Voltage Power lines now and in the future

Excerpts from ordinance
**TOWNSHIP OF HARTLAND
NOTICE OF ADOPTION
ORDINANCE NO. 59**

UNDERGROUND CONSTRUCTION OF UTILITY LINE ORDINANCE

ADOPTED: March 21, 2006

EFFECTIVE: March 24, 2006

An Ordinance to require the underground construction of all utility lines, wires and related equipment and facilities in the rights of way of driveways, alleys, streets, roads, and highways (collectively hereinafter "streets") in the Township of Hartland, Michigan.

HARTLAND TOWNSHIP ORDAINS:

Section 1. Title. This Ordinance shall be known and may be cited as the Underground Construction of Utility Lines Ordinance.

Section 2. Legislative Findings and Purpose.

(a) The Township of Hartland ("Township") encompasses residential areas and business districts in which the Township's citizens reside and conduct business. Various streets, with utility rights of way, are also located in the Township, often in close proximity to residential areas, business districts, residences and businesses.

(b) The Township has determined that, except as provided by Section 2(c), it is necessary for the public health, safety and welfare that all new utility lines, wires and other related equipment and facilities be constructed underground instead of along, across, adjacent to and/or over streets, intersections, and private property adjacent to streets. Etc.

Open WWW.HARTLANDTWP.COM to see the ordinance in full

WE the residents of Hartland Township have serious **safety/environmental concerns** associated with High Voltage Power Lines planned for M-59 and Pleasant Valley Rd. now and in the future. WE the undersigned residents request MPSC support our concerns and the Hartland ordinance. WE ask that ITC's request to install High Voltage Power lines above ground be denied. **We oppose ITC's request for an expedited schedule.** WE want all high voltage lines now and in the future placed underground:
