Re: Commission's May 25, 2006 Order in Case No. U-14899

To: Michigan Public Service Commission

Comlink, LLC (Comlink) hereby responds to the Commission's May 25, 2006 Order in the above matter.

Comlink advises the Commission that it received approval of its interconnection agreement with AT&T Michigan only very recently, on May 25, 2006 in Case No. U-14837, and only very recently received approval of its interconnection agreement with Verizon, on May 10, 2006 in Case No. U-14856. Consequently, Comlink is not yet fully operational, and is not currently providing local exchange service to customers. Therefore, Comlink has received no requests to subscribe to primary basic local exchange (PBLES) service from potential customers, and it had no PBLES customers on May 1, 2006.

Sincerely,
