Re: Commission's May 25, 2006 Order in Case No. U-14899

To: Michigan Public Service Commission

Frontier Communications of Michigan, Inc. ("Frontier") hereby responds to the Commission's May 25, 2006 Order in the above matter. Frontier's responses are voluntary, and do not constitute an admission of Commission authority to issue the May 25 Order and require responses to it.

Frontier advises the Commission that it is fully capable of providing primary basic local exchange service ("PBLES"), and that it has had such capability since March 1, 2006. As required by § 304 of the Michigan Telecommunications Act (MTA) and the Commission's Orders in Case No. U-14731, Frontier has established the rates and terms of its provision of PBLES, and has received the Commission's approval of its filed tariff sheets.

Frontier's PBLES offering is exactly the same as its existing flat rate R1 (single line residential service)- same price, same calling area, same flat rate service, same terms and conditions. From a customer perspective and service provision perspective, PBLES is identical to Frontier's existing flat rate R1 service. Therefore, no changes were required to Frontier's operations or billing systems to properly bill for PBLES. Frontier's representatives have been apprised that "PBLES" is another term for single line R1 service and are prepared to explain that to customers. Customers desiring to sign-up for PBLES may do so and Frontier will begin providing single line residential service (i.e., PBLES) to them.

In response to the Commission's information request, Frontier has attempted to determine whether any customers have specifically asked to subscribe to "PBLES" service. We have been unable to identify any such requests. Rather, customers ask for single line residential service (R1). On May 1, 2006, Frontier had 18,185 single line residential (i.e., PBLES) customers. From December 2, 2005 thru May 26, 2006, Frontier received 860 customer requests for single line residential service; and no requests specifically for PBLES.
