Re: Case No. U-14899
Report on Offering of Primary Basic Local Exchange Service

Dear Sir/Madam:

This filing is made by US Xchange of Michican, L.L.C. d/b/a Choice One Communications ("Choice One") in response to the Commission's order dated May 25, 2006 (and the Erratum to that order dated June 1, 2006) in the above-referenced proceeding. In that order, the Commission required local exchange carriers in Michigan to report on their offering of Primary Basic Local Exchange Service as required by the Commission in Case No. U-14731.

Choice One established rates for its Primary Basic Local Exchange Service in a tariff filing made on February 24, 2006, with rates effective April 1, 2006. Personnel in Choice One's marketing department are aware of this service and the applicable rates, and the company is capable of providing the service. As of May 1, 2006, Choice One did not have any customers or requests for Primary Basic Local Exchange Service. However, Choice One provides service mostly to businesses and not to residential customers. While the company is capable of providing Primary Basic Local Exchange Service, as is required, the fact that Choice One is geared toward serving businesses likely explains the lack of interest among residential customers for Choice One's services.

In the event there are questions concerning this matter, please contact me.

Very truly yours,
