**ELIGIBLE TELECOMMUNICATIONS CARRIER ANNUAL REPORT FOR 2007
CERTIFICATION
BY VILAIRE COMMUNICATIONS**

I. INTRODUCTION

VCI Company, doing business in Michigan as Vilaire Communications ("Vilaire"), by its counsel, and pursuant to Sections 214(e)(2), 214(e)(6), and 254 of the Communications Act of 1934,¹ the Federal Communications Commission's ("FCC's") Report and Order in Docket No. 96-45,² Sections 201 and 203 of the Michigan Telecommunications Act ("MTA"),³ and this Commission's Orders of October 18, 2005 and April 13, 2006 in Case No. U-14530, files this Eligible Telecommunications Carrier Annual Report for 2007 certification. Vilaire requests re-certification in the listed zones and exchange areas in the Lifeline/Link-Up category for the calendar year 2007.

Vilaire was granted its license to provide basic local exchange service in the zone and exchange areas currently served by Verizon North, Inc., Contel of the South, Inc., d/b/a Verizon North Systems, and AT&T Michigan, f/k/a AT&T Michigan on December 20, 2005, in Case No. U-14634. An order approving the Company's Interconnection Agreement with AT&T Michigan

¹ 47 USC §§ 214(e)(2), 214(e)(6), and 47 USC § 254.

² *In the Matter of Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, FCC 05-46 ("FCC 05-46")

f/k/a AT&T Michigan (AT&T) was approved by the Commission by order issued December 20, 2005 in Case No. U-14735. Vilaire's tariff for the provision of basic local exchange was approved by the Commission on March 24, 2006.

Vilaire was granted a designation as an ETC for purposes of universal service fund support by this Commission in its Order of April 13, 2006, in Case No. U-14807. Vilaire sought designation for purposes of providing Lifeline and Link Up services only and requested only reimbursement from the Low Income Fund.

Applicant provides the following information as set forth in the body of the Commission's Order in Case No. U-14530, and in Attachment A thereto.

II. ETC REPORT CHECKLIST

1. CONTACT INFORMATION

Correspondence and communications regarding on-going company operations should be directed to:

Stan Efferding
Secretary/Treasurer
VCI Company
P.O. Box 98907
Lakewood, WA 98498-0907
Telephone: (206) 419-5948
Facsimile: (253) 475-6328
Electronic mail: Vilaire@comcast.net.

2. WIRE CENTERS

A list of wire centers in AT&T's Michigan service area, for which Applicant will request reimbursement, is attached as **Exhibit A**. Company will only request reimbursement for Lifeline/Link-Up support.

³ MCL 484.2201 and MCL 484.2203.

3. FIVE YEAR IMPROVEMENT PLAN

As Applicant requests low cost reimbursement only, Applicant is not required to provide a 5 Year Improvement Plan.

4. EMERGENCY PREPAREDNESS

Vilaire offers the supported services either through the lease of switched port/loop combinations (UNEs) or through a combination of leased services and resale. These facilities are physical components of the telecommunications network that are used in the transmission or routing of the services for which support is requested. Because these facilities include unbundled network elements, the method by which Vilaire provisions the supported services is consistent with the FCC's rules.⁴

Applicant's back-up power, ability to re-route traffic around damaged facilities and ability to manage traffic spikes due to emergencies is dependent on the abilities of AT&T, its underlying carrier, which own, operates and manages the network over which Applicant's customers' calls are carried. Applicant's emergency preparedness is of the quality of AT&T. Applicant will cooperate with AT&T in deploying its emergency preparedness plan in the state of Michigan.

5. CONSUMER PROTECTION

Applicant attaches as its consumer privacy protection policy its filing with the Federal Communications Commission regarding Customer Proprietary Network Information on February 3, 2006 as **Exhibit B**. Applicant will comply with all regulations and laws concerning consumer protection in the State of Michigan, including the Commission's Privacy Standards for Telecommunications Services,⁵ Billing Standards for Basic Residential Telecommunications

⁴ See, 47 CFR § 54.201(d).

⁵ MAC R 484.201 *et seq.*

Services,⁶ and Telecommunications Service Quality Guidelines.⁷ Applicant advertises the availability of Lifeline and Link-Up services via television advertisement.

6. LOCAL USAGE

Applicant provides primary basic local exchange service permitting its customers to make unlimited local calls within the customer's local calling area. Pages of Applicant's tariff outlining its local usage plan are attached as **Exhibit C**. Applicant's plans do not differ within areas of Michigan.

7. EQUAL ACCESS

Applicant's policy is to provide service to all eligible customers in its service area that request such service. Should AT&T withdraw its ETC designation, so long as AT&T continues to provide local exchange service in its service area, Applicant can continue to provide service to all eligible customers who request service.

Vilaire acknowledges that, pursuant to Section 54.202(a)(4) of the FCC's rules,⁸ the Commission may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the service area. Likewise, if Vilaire were to become the incumbent carrier, or if no incumbent carrier were prepared or authorized to serve as an Eligible Telecommunications Carrier, Vilaire is prepared to take the necessary steps to provide Lifeline/Link-up service to all requesting customers in its service territory.

⁶ MAC R 484.301 *et seq.*

⁷ MAC R 484.519 *et seq.*

⁸ 47 CFR § 54.202(a)(4).

III. ADDITIONAL INFORMATION

1. COMPLIANCE WITH 47 CFR § 54.101(a)(1)-(9) AND 47 USC § 254(c)

The services that are supported by Federal universal support mechanisms under Section 254(c) are enumerated in the FCC's rules.⁹ These services are:

- a. Voice grade access to the public switched network.
- b. Local usage.
- c. Dual tone multi-frequency signaling or its functional equivalent
- d. Single-party service or its functional equivalent.
- e. Access to emergency services.
- f. Access to operator services.
- g. Access to interexchange service.
- h. Access to directory assistance.
- i. Toll limitation for qualifying low-income consumers.

The Company provides the supported services in the other states where it is a designated ETC and will provide the supported services in Michigan as follows:

- a. **Voice Grade Access to the Public Switched Network.** The FCC has concluded that voice-grade access means the ability to make and receive phone calls, within a bandwidth of approximately 2700 Hertz within the 300 to 3000 frequency range. There is no requirement to support high-speed data transmissions.¹⁰ The Company meets this requirement by providing voice-grade access to the public switched telephone network (PSTN). Through its interconnection arrangements with AT&T, all customers of the Company are able to make and receive calls on the PSTN within the specified bandwidth.
- b. **Local usage.** Although the FCC requires an ETC applicant to demonstrate that it offers a local usage plan comparable to the one offered by the AT&T in the service areas for which the applicant seeks designation, the FCC has not adopted a specific local usage threshold.¹¹ Vilaire offers unlimited local service permitting the customer to make an unlimited amount of local calls within his/her local calling area.

⁹ 47 C.F.R. Sec. 54.101(a)(1)-(9)

¹⁰ See Universal Service Fourth Order on Reconsideration, FCC 97-420 (Dec. 30, 1997).

¹¹ *In the Matter of Federal-State Board on Universal Service*, Report and Order, CC. Docket No. 96-45 (March 17, 2005) ¶¶ 32-34 (hereinafter "March 17, 2005 Order").

- c. **Dual tone multi-frequency ("DTMF")** is a method of signaling that facilitates the transportation of signaling through the network, shortening call set-up time. Vilaire currently uses out-of-band digital signaling and in-band multifrequency signaling that is functionally equivalent to DTMF.
- d. **Single-party service.** Single-party service is telecommunications service that permits users to have exclusive use of a wireline subscriber loop or access line for each call placed. Vilaire meets the requirement of single-party service by providing its customers with exclusive use of a wireline subscriber loop for each call placed, through its interconnection agreement with AT&T.
- e. **Access to emergency services.** "Access to emergency services" includes access to services, such as 911 and enhanced 911, provided by local governments or other public safety organizations. 911 is defined as a service that permits a telecommunications user, by dialing the three-digit code "911," to call emergency services through a Public Service Access Point (PSAP) operated by the local government. "Enhanced 911" is defined as 911 service that includes the ability to provide automatic numbering information (ANI), which enables the PSAP to call back if the call is disconnected, and automatic location information (ALI), which permits emergency service providers to identify the geographic location of the calling party. "Access to emergency services" includes access to 911 and enhanced 911 services to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems. Vilaire currently provides all of its customers with access to emergency services by dialing 911 through its interconnection agreement with AT&T in satisfaction of this requirement.
- f. **Access to operator services.** "Access to operator services" is defined as access to any automatic or live assistance to a consumer to arrange for billing or completion, or both, of a telephone call. Vilaire meets this requirement by providing all of its customers with access to operator services provided by AT&T through its interconnection agreement with AT&T.
- g. **Access to interexchange service.** "Access to interexchange service" is defined as the use of the loop, as well as that portion of the switch that is paid for by the end user to access an interexchange carrier's network. Vilaire meets this requirement by providing all of its customers with the ability to connect with the interexchange carrier of their choice.

- h. **Access to directory assistance.** "Access to directory assistance" is defined as access to a service that includes, but is not limited to, making available to customers, upon request, information contained in directory listings. Vilaire meets this requirement by providing its customers with access to directory assistance provided by AT&T by dialing "411" or "555-1212."
- i. **Toll limitation for qualifying low-income consumers.** Toll limitation service is defined as either "toll control" or "toll blocking" services pursuant to 47 C.F.R. Sec. 54-400(d). Vilaire will provide the toll limitation service that AT&T has the technological capability to provide. Vilaire will provide toll blocking services to requesting Lifeline eligible customers free-of-charge.

2. VILAIRE'S CONTINUED DESIGNATION AS AN ETC IS IN THE PUBLIC INTEREST

Vilaire's continued designation as an ETC in the state of Michigan is in the public interest for the following reasons:

a. Vilaire's Continued Designation will Increase Consumers' Choice of Carriers

Competitive carriers do not often request ETC designation or offer Lifeline and Link-Up services. Continued designation of Vilaire as an ETC will ensure that low-income consumers continue to have a choice of carriers.

For those consumers who have been disconnected from AT&T or other competitive carriers for non-payment of bills, Vilaire provides an alternative to higher priced pre-paid local exchange carriers.

b. Vilaire's Continued Designation Increases Telephone Subscribership

According to the FCC, in 2004 only one-third of households eligible for Lifeline and Link-Up service subscribed to these programs, at a time when poverty rates were increasing.¹² Vilaire's aggressive advertisement of Lifeline and Link-Up services, at a cost of approximately \$10,000.00 per state per month, ensures that a significant portion of the eligible population is aware of the availability of low-income telephone service programs. Increased awareness leads to increased subscribership in these programs for all carriers.

Vilaire's customers generally have poor credit and have had service disconnected by AT&T or another competitive local exchange carrier because of unpaid bills. These consumers may be off the network completely because of an inability to bring their accounts current and comply with other requirements for being reconnected, such as the payment of a deposit and/or reconnection fee. In fact, a significant number of potential Customers contact the Company from pay telephones to subscribe to services because they are without service altogether. Vilaire removes significant barriers to telephone subscribership by providing service to all Lifeline and Link-Up eligible consumers within its designated service area without credit checks or the imposition of a deposit, and despite the customer having been disconnected by another carrier.

c. Company's Continued Designation Will Assist Low Income Consumers in Making Choices that Result in a Significant Reduction in Toll Charges, thereby making Telephone Service More Affordable

Vilaire provides toll restriction services throughout its designated service area, free of charge, as required by the FCC's rules. In addition, Vilaire's customer service personnel are trained to and do actively educate Company's potential customers on the benefits of toll limitation service in reducing the customer's telephone bill. Company's customer service staff

¹² Report and Order and Further Notice of Proposed Rulemaking, *In the Matter of Lifeline and Link-Up*, WC Docket No. 03-109 at ¶¶ 1 and 11 (FCC 04-87, April 29, 2004).

recommends the use of prepaid long distance calling cards as an alternative to subscription to Interexchange telephone service. As a result, the majority of Company's customers choose toll restriction service and/or prepaid long distance telephone cards, which leads to affordable telephone service for the low-income consumer.

d. The Company's Continued Designation Would Make Premium Services Available to Low Income Consumers

Company's service offering includes premium services, such as Caller ID, Call Waiting and Three-Way Calling.

e. Company's Procedures and Processes are Geared Toward the Low-Income Customer

Vilaire bills its low-income customers at the beginning of the month, when the customer is likely to have funds available for payment of bills. In addition, Vilaire keeps telephone service simple. Vilaire only offers flat rated, unlimited local exchange service and a few custom calling features. Vilaire does not upsell its low-income customers features and services that the customer cannot afford. As a result, the customer pays one, consistent monthly rate.

f. Vilaire's Continued Designation Has Minimal Impact on the Federal Universal Service Fund or any State Universal Service Fund

Vilaire requests reimbursement from the Low-Income Division of the USAC only. Vilaire does not request reimbursement from any state universal service fund, or from the High Cost Division of the USAC.

Vilaire primarily serves consumers that were previously customers of other carriers, such as AT&T. Thus, Vilaire's reimbursement from the USAC is transferred from the previous carrier to the Company. The only increase in demand on the Federal Universal Service Fund would be for those consumers who subscribe to telephone service for the first time from Vilaire.

IV. CONCLUSION

The Commission should continue to designate Vilaire as an ETC for purposes of obtaining reimbursement from the low-income fund of the federal universal service fund during the calendar year 2007. By its order approving Vilaire's application for designation as an ETC, the Commission determined that Vilaire's designation promotes the availability of universal service and is in the public interest. By this Report, Vilaire has demonstrated and the Commission should find that 1) Vilaire can provide the supported services to Michigan consumers; 2) its ability to remain functional in emergency situations is equal to that of AT&T; 3) Vilaire has policies in place for consumer privacy protection and will comply with all Michigan rules and laws regarding consumer protection; 4) Vilaire's local usage plan is comparable to AT&T's; 5) Vilaire provides service to all eligible customers in its service area and will continue to do so, even if AT&T withdraws its ETC designation and 6) Vilaire's continued designation as an ETC is in the public interest.

Respectfully submitted,

CLARK HILL PLC

CERTIFICATION OF CPNI FILING FEBRUARY 3, 2006
EB-06-TC-060

VCI COMPANY

I, Stanley Johnson, President of VCI Company ("the Company"), hereby certify in compliance with 47 C.F.R. § 64.2009(e), that I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the Federal Communications Commission's ("Commission") rules regarding use, disclosure of and permission of access to customer proprietary network information, 47 C.F.R §§ 64.2005, 2007-2009 ("CPNI Rules"). The attached statement explains how the Company's operating procedures ensure that it is in compliance with the CPNI Rules.

Submitted this 3rd day of February 2006.

VCI Company

Stanley Johnson, President
3875 Steilacoom Blvd. S.W. #A
Lakewood, Washington 98499
Telephone: (253) 973-2476
Facsimile: (253) 475-6328

VCI COMPANY
OPERATING PROCEDURES FOR ENSURING COMPLIANCE WITH
47 U.S.C. § 222 and 47 C.F.R. §§ 64.2005, 2007- 2009

DEFINITION OF CUSTOMER PROPRIETARY NETWORK INFORMATION ("CPNI") AND
COMPANY GENERAL POLICY RE: TREATMENT OF CONFIDENTIAL INFORMATION

CPNI includes information 1) that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and 2) information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier. CPNI does not include subscriber list information, which is customer information published in a telephone directory.

The Company recognizes that every telecommunications carrier has a duty to protect the confidentiality of proprietary information of, and relating to, other telecommunications carriers, equipment manufacturers, and customers. The Company understands that a telecommunications carrier that receives or obtains proprietary information from another carrier for purposes of providing any telecommunications service is obligated to use such information only for such purpose, and is not permitted to use such information for its own marketing efforts.

DESCRIPTION OF COMPANY AND SERVICE PROVISION

VCI Company ("the Company") is a competitive local exchange service provider that serves primarily low-income, residential customers with federal and state subsidized Lifeline and Link-Up services. The only service the Company provides is local exchange service. The Company has no affiliates, parent company, joint-venture partners or independent marketing contractors.

MARKETING PROCEDURES

The Company markets its services solely through media advertisements and Company brochures that direct the prospective customer to contact the Company on the Company's toll-free telephone number. The Company does not initiate customer contact for the purpose of marketing its services and does not contract with third-parties other than media companies to market its services.

COMPANY USE, DISCLOSURE AND PERMISSION OF ACCESS TO CPNI

The Company obtains and utilizes CPNI solely for the purpose of providing competitive local exchange services to its customers, billing its customers for its services, collecting payment for its services, and maintenance and repair of services. Where necessary, the Company has the right to use, disclose or permit access to CPNI to protect its rights or property or the rights or property of its underlying carrier, to protect users of its services and other carriers from fraudulent, abusive, unlawful use of or unlawful subscription to its services.

The Company does not use, disclose, or permit access to CPNI to identify or track customers that call competing service providers or for any other purpose that is prohibited by the FCC's rules. The Company does not use, disclose or permit access to CPNI for any reason for which customer approval may be required pursuant to the Federal Communications Commission's rules pertaining to CPNI. The Company does not disclose CPNI of its current or former customers to any third-party except as required by law or regulation, or upon customer request.

Vilaire Communications

Regulations and Schedule of Intrastate Charges
Applying to Local End-User Telecommunications Service
Within the State of Michigan

This Tariff ("Tariff") contains the descriptions, regulations, and rates applicable to the provision of local exchange telecommunications services provided by Vilaire Communications with principal offices at 3875 Steilacoom Boulevard S.W. #A, Lakewood, Washington 98499 for services furnished to residential customers within the State of Michigan. This Tariff is on file with the Michigan Public Service Commission, and copies may be inspected, during normal business hours, at the Company's principal place of business.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services****3.9.1 Basic Local Exchange Service - Generally**

Basic Local Exchange Service provides a Customer with single-party, voice grade access to the public switched network, utilizing dual-tone multi-frequency signaling, or its functional equivalent. Each Basic Local Exchange Service corresponds to one or more telephonic communications channels that can be used to place or receive one call at a time. Basic Local Exchange Service permits the Customer to:

- (A) make calls to other stations within the Customer's local calling area;
- (B) receive calls from other stations on the public switched telephone network;
- (C) access interexchange and international calling services;
- (D) access emergency services by dialing -0- or 9-1-1;
- (E) access operator services;
- (F) access directory assistance services; and
- (G) access to services for the hearing or speech impaired.

Basic Local Exchange Service can also be used to originate calls to other telephone companies' caller-paid information services (e.g. NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch at no charge upon Customer request.

Company provides toll restriction services to Customers upon request for a fee and to Lifeline qualifying Customers at no charge pursuant to Federal Communications Commission rules.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services****3.9.2 Residential Basic Line Service**

Residential Basic Line Service provides a residential Customer with all of the features of basic local exchange service set forth above, provided over a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. See Section 4 for rates.

Call detail of individual local calls will not be provided on the monthly bill.

A. Residential Primary Basic Local Exchange Service

- (1) With Primary Basic Local Exchange Service, the Customer pays a monthly rate per access line that includes: (a) unlimited incoming calls, (b) unlimited outgoing minutes per month; and (c) unlimited outgoing calls within the Customer's local calling area.

3.9.3 Custom Calling Features

- (A) Call Forwarding - Variable - a Customer activated feature that automatically transfers all incoming calls from the Customer's telephone number to another dialable telephone number until the Customer deactivates the feature. If forwarded to a long distance number the Subscriber will incur the long distance charges.
- (B) Call Waiting - provides a tone/signal to a Customer that has a call in progress, that another call has been placed to that Customer's telephone number. The Customer may elect to hold the first call, by use of the switchhook, and answer the second call; as well as alternate between calls by pressing the switchhook. The Customer may elect not to respond to the signal, and continue the original call. In locations where the Company has made it available, Call Waiting may be deactivated prior to making an outgoing call, (or during a call if the Customer has Three-Way Calling).

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

ISSUED: February 21, 2006

EFFECTIVE: April 1, 2006

03/24/2006
Approved

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services, cont'd****3.9.3 Custom Calling Features, cont'd**

- (C) Caller Identification – Number - allows for the automatic delivery of a calling party's telephone number (including nonpublished and nonlisted telephone numbers) to the called Customer, which gives the called Customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on Customer provided equipment. Caller Identification Customers who do not wish to receive blocked calls can activate Anonymous Call Rejection (USOC: AYK) by pressing *77 (1177 on rotary phones). The code to deactivate is *87 (1187 on rotary phones). While the feature is activated, incoming blocked calls are routed to an announcement in the central office.
- (D) Three Way Calling - permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

Approved

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.9 Vilaire Communications' Services, Cont'd.****3.9.4 Directory Assistance Service**

The Company furnishes Directory Assistance Service ("DA") for the purpose of aiding subscribers in obtaining telephone numbers through arrangements with the incumbent local exchange carrier when a party in Michigan requests assistance in obtaining telephone numbers of subscribers who are located within the same numbering plan area as the number the party is calling from.

In order to make allowance for a reasonable need for numbering plan area DA service, including numbers not in the directory, directory inaccessibility and other conditions, no charge applies for the first three calls for telephone numbers of subscribers who are located within the numbering plan area of the calling party per month per station access line. The allowance is cumulative for all group billed services furnished on the same premises or as part of the same system within an exchange.

Charges for DA are not applicable to inquiries received from public and semipublic telephones, nor from telephone service furnished for the use of handicapped persons.

3.10 Emergency Services

Allows Customers to reach appropriate emergency services including police, fire and medical services. The 911 Service includes lines and central office features necessary to provide the capability to answer, transfer and dispatch public emergency telephone calls originated by persons within the telephone central office areas arranged for 911 calling. If 911 Service is not available in an area, the Company shall make arrangements for the Customer to reach the appropriate emergency services through dialing "0".

3.11 Telecommunications Relay Service

Telecommunications Relay Service enables hearing-impaired or speech-impaired persons who use a text telephone or similar devices to communicate freely with the hearing population for using the text telephone and vice versa. The Company does not impose any charge to end users for access to Telecommunications Relay Service. However, persons using this Service are liable for applicable per call/increment charges.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.12 Call Blocking Service**

Call Blocking Service is a Service which provides Customers with the capability to block originating calls to the 1-900 calling networks or 976 services. When Call Blocking Service is requested, all originating calls to 900 numbers nationwide will be blocked. Calls to a 976 service will also be blocked. Customers with Call Blocking Service attempting to dial a 900 number from a restricted line will reach a Company-provided or DUC-provided intercept announcement. Call Blocking is provided at no charge.

3.13 Toll Restriction**3.13.1 Description of the Service**

- A. Toll Restriction is an optical central office service that restricts access to the network as defined herein. Restricted calls are directed to a central office announcement.
- B. Limitations of the Service
 - 1. Toll Restriction will be offered to Residence One-Party Customers only.
 - 2. Toll Restriction will be provided, where facilities permit, subject to the following:
 - a. Toll Restriction will not allow 1+, 0+, 0-, 10-xxx, 900, or interzone calls to be completed.
 - b. Toll Restriction does not restrict local calls, calls to intraNPA Directory Assistance, Telephone Repair Service, Emergency Services such as 9-1-1, or calls to 800 or 950 numbers.
 - c. Toll Restrictions will not be offered in areas where 9-1-1 is not available.
 - d. Toll billing exception may apply to prevent collect calls and calls billed to a third party.
 - e. Blocking of 976 or other intraLATA CIS Services will be offered free of charge.
 - f. Lifeline Customers receive toll restriction service free of charge.

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

SECTION 3 - SERVICE OFFERINGS, CONT'D.

3.13 Toll Restriction (Cont'd)

3.13.1 Description of the Service (Cont'd)

B. Limitations of the Service (Cont'd)

3. The Company shall not be liable to its Customers, or any other person or entity for damages of any nature or kind arising out of, resulting from, or in connection with the provision of the service, including without limitation, the inability to access the operator for any non toll free number for any purpose.

3.13.2 Rates and Charges

See Section 4 of this Tariff.

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.14 Lifeline and Link-up Service****3.14.1 Lifeline Program**

- (A) The lifeline program provides assistance for eligible Residential Customers. For eligible Residential Customers under the age of 65, the assistance available is the greater of \$8.25 per Customer per month or 20% of the basic local exchange rate. For eligible Customers over the age of 65, the assistance available is the greater of \$12.35 per Customer per month or 25% of the basic local exchange rate. These reduced rates, or greater reductions, are reflected in the Lifeline pricing in Section 4 of this tariff.
- (B) Customers are eligible if the Customer's annual income does not exceed 150% of the federal poverty income standards as determined by the United States Office of Management and Budget and as approved by the state treasurer, or the person must participate in 1 or more of the following federal assistance programs: Medicaid; Food Stamps; Supplemental Security Income; Federal Public Housing Assistance; Low-Income home energy assistance program; National School Lunch Program's Free Lunch Program; or Temporary Assistance for Needy Families.
- (C) Toll blocking service, by Customer choice, will be offered free of charge to lifeline Customers.

3.14.2 Link-Up Program

- (A) The Link-Up America Program is a federally-sponsored telephone assistance program designed to make basic telephone service accessible to qualifying low-income Customers who are currently not on the public switched network.
- (B) A Customer eligible for the Lifeline Program is automatically eligible for the Link-Up Program. However, a Customer can qualify and receive assistance under the Link-Up- America program independently of the Lifeline Program.

ISSUED UNDER AUTHORITY OF M.P.S.C. ORDER DATED DECEMBER 20, 2005, IN CASE NO. U-14634

ISSUED: February 21, 2006

EFFECTIVE: February 22, 2006

ISSUED BY: Stan Efferding — Secretary/Treasurer
3875 Steilacoom Blvd. S.W. #A, Lakewood, Washington 98499

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.14 Lifeline and Link-up Service, cont'd****3.14.2 Link-Up Program, cont'd**

(C) Assistance is provided to the qualifying low-income Customer by one or both of the following programs:

1. A fifty percent (50%) reduction of the service connection charges not to exceed \$30.00 for connection of telephone services at the qualifying low-income Customer's principal place of residence. In its sole discretion, Company may provide additional discounts off of the service connection charges.
2. A one-year, non-interest assessed, deferred payment plan for payment, up to \$200, of service connection charges associated with the establishment of telephone service for the qualifying low-income Customer. Service connection charges include those charges, as specified in this tariff, customarily associated for the establishment of telephone service.

(D) Eligibility Requirements

The Link-Up America Program will be provided for a primary single access line at the qualifying Customer's principal place of residence. Customers are eligible if the Customer's annual income does not exceed 150% of the federal poverty income standards as determined by the United States Office of Management and Budget and as approved by the state treasurer, or the person must participate in 1 or more of the following federal assistance programs: Medicaid; Food Stamps; Supplemental Security Income; Federal Public Housing Assistance; Low-Income home energy assistance program; National School Lunch Program's Free Lunch Program; or Temporary Assistance for Needy Families.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.15 IntraLATA Presubscription Procedures****3.15.1 General**

IntraLATA presubscription is a procedure whereby a subscriber designates to the Company the carrier which the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per-call basis.

3.15.2 Options

Option A: Subscriber may select the Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select his/her interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D: Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

SECTION 3 - SERVICE OFFERINGS, CONT'D.**3.15 IntraLATA Presubscription Procedures (Cont'd)****3.15.3 Regulations**

Subscribers of record on the effective date of this Tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D for intraLATA presubscription.

Subscribers may change their selected option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in paragraph 5 following.

3.15.4 Customer Notices

The Company will notify subscribers of the availability of intraLATA presubscription. The notice will contain a description of intraLATA toll presubscription, how to make an intraLATA toll presubscription carrier selection, and a description of when and what charges apply related to the selection of an intraLATA toll carrier.

*Residential Primary Basic Local Exchange Service is a service regulated by the Michigan Public Service Commission. Prices for this service will not change unless the Company follows the procedures for price changes in Michigan Compiled Laws Section 484.2304. All services other than Residential Primary Basic Local Exchange Service, and for services added onto primary basic local exchange service, are not regulated and are subject to change at any time. For such services, if such prices are listed in this tariff, prices may be changed on the filing of a revised tariff page on one-days' notice. Tariff changes will be reflected on the copy of the tariff posted to the Company's website.

SECTION 4 - RATES AND CHARGES, CONT'D.**4.8 IntraLATA Toll Presubscription Change Charge****4.8.1 Application of Rates**

There will be no charge for a subscriber's initial intraLATA toll presubscription selection.

New local service subscribers will be asked to select a carrier(s) for their intraLATA toll and interLATA calls subject to presubscription at the time they place an order with the Company for local exchange service. If the new subscriber is unable to make a selection at that time, the new subscriber will be read a random listing of all available intraLATA toll carriers to aid his/her selection. If the new subscriber is still unable to make a selection at that time, the Company will inform the new subscriber that he/she will be given 90 days in which to inform the Company of an intraLATA toll presubscription carrier at no charge. The new subscriber will also be informed that the Company will assess a charge for any selection made after the 90 day window and that until a selection is made, the subscriber will be required to dial a carrier access code to route all intraLATA toll calls.

New subscribers who do not make an intraLATA toll carrier presubscription choice at the time the new subscriber places an order establishing local exchange service with the Company will not be presubscribed to any intraLATA toll carrier, but rather will be required to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

After a subscriber's initial selection for a presubscribed intraLATA toll carrier, an intraLATA presubscription change charge will apply for any change thereafter.

4.8.2. IntraLATA Presubscription Change Charge

Per line, trunk, or port

Non-recurring
Charge

Initial line, trunk, or port	\$5.00
Additional line, trunk, or port	\$5.00

SECTION 4 - RATES AND CHARGES, CONT'D.**4.9 Rates By Individual Contract Basis (ICB)**

In lieu of the rates otherwise set forth in this Tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for the Company's services may be established at negotiated rates on an individual contract basis (ICB), taking into account the nature of the facilities and services, the costs of construction and operation, the volume of traffic, the length of service commitment by the Customer, and use of facilities by other Customers. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligation and regulation set forth in this Tariff shall be incorporated into, and become a part of, said contract, and shall be binding on the Company and the Customer. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis.

In addition to any rate or charge established by the Carrier, the Customer will also be responsible for any recurring or non-recurring charges imposed by local exchange telephone companies incurred by or on behalf of the Customer in establishing and maintaining service. Such charges may be billed by the Carrier or directly by the local exchange company, at the Carrier's option.

Upon completion of any contractual arrangements entered into under this section, the Company will file additional tariff sheets as an amendment to this Tariff summarizing the services, rates, terms, conditions, and duration of the contract, and will make the contract itself available to the Commission upon the Commission's request. The Company reserves the right to protection from public disclosure of proprietary information contained in such contracts as allowed under law.

SECTION 4 - RATES AND CHARGES, CONT'D.**4.10 Promotional Offerings**

The Company, from time to time, may make promotional offerings of its services, which may include waiving or reducing the applicable charges for the promoted service. Promotions will be filed as separate tariff sheets under this section 4.10.

All promotions will be limited in duration, and will identify a definite, reasonable time period during which the promotion will be in effect. A promotion may also be limited as to the locations where the offerings are made. A promotion may also, if so designated, provide for its conclusion upon the occurrence of a promotion-related event that is reasonably certain to occur, although the timing may not be certain.

All promotions shall be made available to other carriers for resale, and shall be priced, in conjunction with the entire service offering as a whole, above the Company's total service long run incremental cost.

Promotions will be implemented with at least one day's notice prior to the effective date of each promotion.
