Re: Case No. U-14899
XO Communications Services Inc. and Coast to Coast Telecommunications, Inc.

Dear Ms. Kunkle:

XO Communications Service, Inc. and Coast to Coast Telecommunications, Inc. ("the Companies") hereby respond to the Commission's May 25, 2006 Order in the above referenced Case. The Companies responses are voluntary and do not constitute an admission of the Commission's authority to issue this Order or require responses to it.

The Companies respond that since April 1, 2006, they have implemented and been capable of providing Primary Basic Local Exchange Service (PBLES). The Companies established the rates and terms and conditions of its PBLES offering as required by the Michigan Telecommunications Act and the Commission's Order in Case U-14731. These product offerings were filed in the respective tariffs, approved by the Commission and later became effective on April 1 2006.

The Companies do not actively pursue residential customers; however, the appropriate personnel have been instructed on this offering and are prepared to discuss it with potential customers. The Companies are unaware of any requests for this service and currently have no customers receiving PBLES.

Sincerely,

Kelly Fan
Regulatory Affairs Director
