DEDICATION OF ANTRIM RESERVES

This letter agreement between Michigan Consolidated Gas Company ("MichCon")
and

WARD LAKE DRILLING, INC. D/B/A WARD LAKE ENERGY ("Producer") (collectively,

the "Parties") confirms our agreement concerning the dedication of certain natural gas reserves for transportation or transportation and treating on the Antrim Header System ("Antrim Service"). The Parties agree as follows:

1. Producer hereby dedicates to the transportation and treating services provided by MichCon on the Antrim Header System all of the natural gas produced from the Antrim shale formation which it owns or controls and is produced from the unitized acreage set forth on Exhibit A ("Dedicated Reserves"). Producer represents that it either owns valid leases covering the interests in or under, or that it has the legal right to dedicate, the real property described on Exhibit A.
2. If Producer or Producer's shipper requests Antrim Service for gas produced from the acreage dedicated under this Agreement, and (1) if Antrim Service is not provided within 90 days of the request for the reason that MichCon's Antrim Header System has insufficient pipeline or CO₂ treating capacity for reasons other than force majeure or initial construction, or (2) if MichCon provides notice of insufficient capacity within 90 days of the request, then MichCon will release from dedication to this Agreement such production in excess of capacity at the earlier of its notice or the end of the 90 day period. MichCon shall provide such notice as soon as is reasonably possible when it has reasons to believe that there will be insufficient capacity.
3. It is the intent of the Parties that the dedication of reserves provided for in this Agreement is a transfer of an interest in the real property described on Exhibit A and, as such, shall bind all subsequent transferees of any interests in that real property. Accordingly, on or before 90 days following the date Producer signs this Agreement, Producer agrees to execute an instrument(s), as may be required and prepared by MichCon at MichCon's sole expense, in proper recordable form, that will place any such subsequent transferees on notice that they are bound by this Agreement and to record such instrument(s) in the appropriate governmental office. Producer agrees to

provide MichCon with a copy of the recorded instrument promptly following recordation.

4. This Agreement constitutes the entire agreement between MichCon and Producer concerning the subject matter hereof. Any prior understandings, representations, promises, undertakings, agreement or inducements, whether written or oral, concerning the subject matter hereof not contained herein shall have no force and effect. This Agreement may be modified or amended only by a writing duly executed by both parties.
5. This Agreement is specifically conditional upon the issuance, by April 15, 1995, of a final order in MPSC Case No. U-10547 granting MichCon a certificate of public convenience and necessity ("Certificate") allowing MichCon to provide the Antrim Service, and an in-service date of January 1, 1996 for the pipeline authorized by the Certificate. If both of conditions are not met, this Agreement shall be null and void.
6. This Agreement cancels and supersedes any prior agreement which dedicates or could be construed to dedicate reserves to be transported by MichCon as part of its Antrim Service.

If this correctly sets forth our agreement, please indicate your agreement and acceptance on the bottom of this letter and return it to me.

Sincerely,

Agreed to and accepted this

DEDICATION OF RESERVES

CO₂ Treating Services Antrim County

This Dedication Agreement ("Agreement") made as of the 1st day of January, 2005, between DTE Michigan Holdings, Inc. ("DTEMH") and Jordan Development Company, L.L.C., its heirs, personal representatives, successors and assigns (collectively "Shipper").

In consideration for treating services provided by the gas treating plant located in Section 36, T31N, R5W, Warner Township, Antrim County, Michigan (the "CO₂ Plant") and subject to the mutual covenants and agreements set forth in this Agreement, the parties agree as follows:

1. Shipper dedicates for CO₂ treating services provided by the CO₂ Plant, all of the natural gas produced from the Devonian age Antrim shale formation which Shipper, or any of its affiliates, shareholders, officers, directors or principals, owns or controls and is produced from the unitized acreage and land described on Attachment 1. Shipper represents that it either owns valid leases covering the interests in or under, or that it has the legal right to dedicate, the real property described on Attachment 1. DTEMH has no obligation to provide firm treating services at the CO₂ Plant for any Antrim Gas delivered or caused to be delivered by Shipper that is not covered by this Agreement.
2. This Agreement is effective as of January 1, 2005 and will automatically terminate upon termination of the Gas Treating Agreement between the parties dated January 1, 2005 (the "Treating Agreement").

3. It is the intent of the parties that the dedication of reserves provided for in this Agreement runs with the real property described on Attachment 1 and, as such, binds all subsequent transferees of any interests in that real property. Accordingly, Shipper agrees that this document may be recorded by DTEMH in the appropriate governmental office in order to place any such subsequent transferees on notice that they are bound by this Agreement. This Agreement is effective as of November 6, 1995. The Parties agree as follows:

1. To the extent that the natural gas herein referred to has not been previously dedicated by Producers to Mich Con, Producers hereby dedicate to the transportation and treating services provided by Mich Con on the Antrim Header System all of the natural gas produced from the Antrim Shale formation which Producers own or control and is produced from the acreage set forth on Exhibit A ("Dedicated Reserves"), attached. All parties hereby affirm that the natural gas herein referred to is either being purchased by Michigan Consolidated Gas Company at the wellhead or is being transported and treated under that certain Antrim Gas Transportation and Treating Service Agreement entered into between Mich Con and Howard Energy Co., Inc. dated November 6, 1995, ("Agreement") and Mich Con hereby agrees that Producers shall be entitled to have all of said natural gas transported and treated on the Antrim Header System on a firm basis in the future event that said natural gas is no longer being

purchased by Michigan Consolidated Gas Company at the wellhead or in the further future event that the transportation and treatment of said natural gas is no longer covered by the above identified Agreement and a mutually satisfactory transportation and treatment agreement covering said natural gas is entered into between Mich Con and the Producers.

3. When the gas herein referred to is no longer transported or treated by Mich Con on the Antrim Header System, the dedication herein provided for shall terminate.
4. This Agreement constitutes the entire agreement between Mich Con and Producers concerning the Antrim Service. Any prior understandings, representations, promises, undertakings, agreement or inducements, whether written or oral, concerning the Antrim Service hereof not contained herein shall have no force and effect. This Agreement may be modified or amended only by a writing duly executed by both parties.

This Agreement may be executed in counterpart and shall be binding upon all parties executing the same, their heirs, personal representatives, successors and assigns, whether or not executed by all parties owning an interest in the referenced area.

If this correctly sets forth our agreement, please indicate your agreement and acceptance on the bottom of this letter and return it to me.

CLERK / REGISTER OF DEEDS**ASATT DEDICATION OF RESERVES
OTSEGO COUNTY****ANTRIM EXPANSION PROJECT**

This Dedication Agreement made this 1st day of March, 2000, between MICHCON GATHERING COMPANY ("MichCon Gathering") and SRW, INC. ("Producer") dedicates those projects identified on Attachment 1 to the gas transportation service and gas CO₂ treating service provided by MichCon Gathering on its Antrim Expansion Project ("AEP").

In consideration for transportation service and gas treating service provided on the AEP, and subject to the mutual covenants and agreements set forth in this Dedication Agreement, the parties agree as follows:

1. Producer dedicates to the gas transportation service and gas treating service provided by MichCon Gathering on the AEP, all of the natural gas produced from the Devonian age Antrim shale formation which Producer owns or controls and is produced from the unitized acreage set forth on Attachment 1 ("Dedicated Reserves"). Producer represents that it either owns valid leases covering the interests in or under, or that it has the legal right to dedicate, the real property described on Attachment 1. MichCon Gathering has no obligation to provide firm transportation on the AEP for any Antrim

Gas delivered or caused to be delivered by Producer that is not covered by this Dedication Agreement.

2. This Dedication Agreement will be effective as of March 1, 2000.
3. It is the intent of the parties that the dedication of reserves provided for in this Dedication Agreement runs with the real property described on Attachment through December 31, 2010 and, as such, binds all subsequent transferees of any interests in that real property. Accordingly, Producer agrees that this document may be recorded by MichCon Gathering in the appropriate governmental office in order to place any such subsequent transferees on notice that they are bound by this Dedication Agreement. MichCon Gathering will provide Producer with a copy of the recorded instrument promptly following recordation.
4. This Dedication Agreement and the Transportation and Treating Service Agreement under which Producer's gas is shipped on the AEP constitute the entire agreement between MichCon Gathering and Producer concerning dedication of reserves for gas transportation service and gas treating service on the AEP. Any prior understandings, representations, promises, undertakings, agreements or inducements, whether written or oral, concerning dedication of reserves for transportation on the AEP have no force and effect. This Dedication Agreement may be modified or amended only in writing and signed by both parties.
5. This Dedication Agreement may be executed in counterpart and shall be binding upon all parties executing the same, their heirs, personal representatives, successors and assigns, whether or not

executed by all parties owning an interest in the real property referenced in Attachment 1.

DEDICATION OF RESERVES

LIBER 198 PAGE 727

This Agreement made this 18th day of December, 1997, between MICHCON GATHERING COMPANY ("MichCon Gathering") and TERRA ENERGY LTD. ("TERRA") its heirs, personal representatives, successors and assigns (collectively "Producers") is the Dedication of Reserves referred to in Article II of the Antrim Gas Transportation and Treating Service Agreement ("ASATT") between MichCon Gathering and TERRA dated September 12, 1994. Terms, not otherwise defined in this Agreement, have the meanings given such terms in the ASATT.

In consideration for, and subject to, the mutual covenants and agreements set forth in this Agreement and the ASATT, the parties agree as follows:

1. Producers dedicate to the transportation and CO₂ treating services provided on the Antrim Expansion Project ("AEP"), all of the natural gas produced from the Devonian age Antrim shale formation which Producers own or control and is produced from the unitized acreage set forth on Attachment 1 ("Dedicated Reserves"). Producers represent that they either own valid leases covering the interests in or under, or that they have the legal right to dedicate, the real

property described on Attachment 1. MichCon Gathering has no obligation to provide firm transportation on the AEP for any Antrim Gas delivered or caused to be delivered by Producers that is not covered by this Agreement.

2. This Agreement is effective December 18, 1997 and supercedes the dedication agreement between TERRA and Michigan Consolidated Gas Company dated September 12, 1994 and assigned to MichCon Gathering effective November 1, 1995. This Agreement also supercedes and replaces the affidavit of Carl J. Croskey, recorded July 23, 1996, at Liber 196, Page 4312.
3. It is the intent of the parties that the dedication of reserves provided for in this Agreement is a transfer of an interest in the real property described on Attachment 1 and, as such, binds all subsequent transferees of any interests in that real property. Accordingly, Producers agree that this document may be recorded by MichCon Gathering in the appropriate governmental office in order to place any such subsequent transferees on notice that they are bound by this Agreement. MichCon Gathering will provide Producers with a copy of the recorded instrument promptly following recordation.
4. This Agreement and the ASATT to which it refers constitute the entire agreement between MichCon Gathering and Producers concerning dedication of reserves for transportation and CO₂ treating under the ASATT on the AEP and supersede all other prior understandings, representations, promises, undertakings, agreements or inducements, whether written or oral, concerning dedication of reserves for transportation under the ASATT on the AEP. This Agreement may be modified or amended only in writing and signed by both parties.

5. This Agreement may be executed in counterpart and shall be binding upon all parties executing the same, their heirs, personal representatives, successors and assigns, whether or not executed by all parties owning an interest in the real property referenced in Attachment 1.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed this 18th day of December, 1997.

RECEIVED FOR RECORD

98 FEB -6 AM 9:33

EVELYN M. PRATT
CLERK / REGISTER OF DEEDS**ANTRIM EXPANSION PROJECT
DEDICATION OF RESERVES**

This Agreement made this 18th day of December, 1997, between MICHCON GATHERING COMPANY ("MichCon Gathering") and TERRA ENERGY LTD. ("TERRA") its heirs, personal representatives, successors and assigns (collectively "Producers") is the Dedication of Reserves referred to in Article II of the Antrim Gas Transportation and Treating Service Agreement ("ASATT") between MichCon Gathering and TERRA dated September 12, 1994. Terms, not otherwise defined in this Agreement, have the meanings given such terms in the ASATT.

In consideration for, and subject to, the mutual covenants and agreements set forth in this Agreement and the ASATT, the parties agree as follows:

1. Producers dedicate to the transportation and CO₂ treating services provided on the Antrim Expansion Project ("AEP"), all of the natural gas produced from the Devonian age Antrim shale formation which Producers own or control and is produced from the unitized acreage set forth on Attachment 1 ("Dedicated Reserves"). Producers represent that they either own valid leases covering the interests in or under, or that they have the legal right to dedicate, the real

- property described on Attachment 1. MichCon Gathering has no obligation to provide firm transportation on the AEP for any Antrim Gas delivered or caused to be delivered by Producers that is not covered by this Agreement.
2. This Agreement is effective December 18, 1997 and supercedes the dedication agreement between TERRA and Michigan Consolidated Gas Company dated September 12, 1994 and assigned to MichCon Gathering effective November 1, 1995. This Agreement also supercedes and replaces the affidavit of Carl J. Croskey, recorded July 25, 1996, at Liber 0616, Page 391.
 3. It is the intent of the parties that the dedication of reserves provided for in this Agreement is a transfer of an interest in the real property described on Attachment 1 and, as such, binds all subsequent transferees of any interests in that real property. Accordingly, Producers agree that this document may be recorded by MichCon Gathering in the appropriate governmental office in order to place any such subsequent transferees on notice that they are bound by this Agreement. MichCon Gathering will provide Producers with a copy of the recorded instrument promptly following recordation.
 4. This Agreement and the ASATT to which it refers constitute the entire agreement between MichCon Gathering and Producers concerning dedication of reserves for transportation and CO₂ treating under the ASATT on the AEP and supersede all other prior understandings, representations, promises, undertakings, agreements or inducements, whether written or oral, concerning dedication of reserves for transportation under the ASATT on the AEP. This Agreement may be modified or amended only in writing and signed by both parties.

5. This Agreement may be executed in counterpart and shall be binding upon all parties executing the same, their heirs, personal representatives, successors and assigns, whether or not executed by all parties owning an interest in the real property referenced in Attachment 1.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed this 18th day of December, 1997.

REGISTER OF DEEDS**ANTRIM EXPANSION PROJECT****DEDICATION OF RESERVES**

This Agreement made this 18th day of December, 1997, between MICHCON GATHERING COMPANY ("MichCon Gathering") and TERRA ENERGY LTD. ("TERRA") its heirs, personal representatives, successors and assigns (collectively "Producers") is the Dedication of Reserves referred to in Article II of the Antrim Gas Transportation and Treating Service Agreement ("ASATT") between MichCon Gathering and TERRA dated September 12, 1994. Terms, not otherwise defined in this Agreement, have the meanings given such terms in the ASATT.

In consideration for, and subject to, the mutual covenants and agreements set forth in this Agreement and the ASATT, the parties agree as follows:

1. Producers dedicate to the transportation and CO₂ treating services provided on the Antrim Expansion Project ("AEP"), all of the natural gas produced from the Devonian age Antrim shale formation which Producers own or control and is produced from the unitized acreage set forth on Attachment 1 ("Dedicated Reserves"). Producers represent that they either own valid leases covering the interests in or under, or that they have the legal right to dedicate, the real

property described on Attachment 1. MichCon Gathering has no obligation to provide firm transportation on the AEP for any Antrim Gas delivered or caused to be delivered by Producers that is not covered by this Agreement.

2. This Agreement is effective December 18, 1997 and supercedes the dedication agreement between TERRA and Michigan Consolidated Gas Company dated September 12, 1994 and assigned to MichCon Gathering effective November 1, 1995. This Agreement also supercedes and replaces the affidavit of Carl J. Croskey, recorded July 25, 1996, at Liber 00381, Page 0480.
3. It is the intent of the parties that the dedication of reserves provided for in this Agreement is a transfer of an interest in the real property described on Attachment 1 and, as such, binds all subsequent transferees of any interests in that real property. Accordingly, Producers agree that this document may be recorded by MichCon Gathering in the appropriate governmental office in order to place any such subsequent transferees on notice that they are bound by this Agreement. MichCon Gathering will provide Producers with a copy of the recorded instrument promptly following recordation.
4. This Agreement and the ASATT to which it refers constitute the entire agreement between MichCon Gathering and Producers concerning dedication of reserves for transportation and CO₂ treating under the ASATT on the AEP and supersede all other prior understandings, representations, promises, undertakings, agreements or inducements, whether written or oral, concerning dedication of reserves for transportation under the ASATT on the AEP. This Agreement may be modified or amended only in writing and signed by both parties.

Liber 00406 Page 0166

5. This Agreement may be executed in counterpart and shall be binding upon all parties executing the same, their heirs, personal representatives, successors and assigns, whether or not executed by all parties owning an interest in the real property referenced in Attachment 1.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed this 18th day of December, 1997.

DEDICATION OF ANTRIM RESERVES

This letter agreement between Michigan Consolidated Gas Company ("MichCon") and TERRA ENERGY LTD ("TERRA") ("Producer") (collectively, the "Parties") confirms our agreement concerning the dedication of certain natural gas reserves for transportation or transportation and treating on the Antrim Header System ("Antrim Service"). The Parties agree as follows:

1. Producer hereby dedicates to the transportation and treating services provided by MichCon on the Antrim Header System all of the natural gas produced from the Antrim shale formation which it owns or controls and is produced from the unitized acreage set forth on Exhibit A ("Dedicated Reserves"). Producer represents that it either owns valid leases covering the interests in or under, or that it has the legal right to dedicate, the real property described on Exhibit A. * See NOTE 1 ON EXHIBIT A
2. If Producer or Producer's shipper requests Antrim Service for gas produced from the acreage dedicated under this Agreement, and (1) if Antrim Service is not provided within 90 days of the request for the reason that MichCon's Antrim Header System has insufficient pipeline or CO₂ treating capacity for reasons other than force majeure or initial construction, or (2) if MichCon provides notice of insufficient capacity within 90 days of the request, then MichCon will release from dedication to this Agreement such production in excess of capacity at the earlier of its notice or the end of the 90 day period. MichCon shall provide such notice as soon as is reasonably possible when it has reasons to believe that there will be insufficient capacity. * SEE NOTE 2 ON EXHIBIT A
3. It is the intent of the Parties that the dedication of reserves provided for in this Agreement is a transfer of an interest in the real property described on Exhibit A and, as such, shall bind all subsequent transferees of any interests in that real property. Accordingly, on or before 90 days following the date Producer signs this Agreement, Producer agrees to execute an instrument(s), as may be required and prepared by MichCon at MichCon's sole expense, in proper recordable form, that will place any such subsequent transferees on notice that they are bound by this Agreement and to record such instrument(s) in the appropriate governmental office. Producer agrees to provide MichCon with a copy of the recorded instrument promptly following recordation. * SEE NOTE ON EXHIBIT A

REGISTER OF DEEDS

DEDICATION OF RESERVES

**Transportation Services
Montmorency County**

This Dedication Agreement made as of this 1st day of December, 1998, between MichCon Gathering Company ("Transporter") and Elmira Antrim Company, its heirs, personal representatives, successors and assigns (collectively "Producers").

In consideration for transportation services provided on the Antrim Expansion Project Pipeline System ("Pipeline") and subject to the mutual covenants and agreements set forth in this Dedication Agreement, the parties agree as follows:

1. Producers dedicate to the transportation services provided on the Pipeline, all of the natural gas produced from the Devonian age Antrim shale formation which Producers own or control and is produced from the unitized acreage and land described on Attachment 1 ("Dedicated Reserves"). Producers represent that they either own valid leases covering the interests in or under, or that they have the legal right to dedicate, the real property described on Attachment 1. Transporter has no obligation to provide firm transportation on the Pipeline for any Antrim Gas delivered or caused to be delivered by Producers that is not covered by this Dedication Agreement.

2. This Dedication Agreement is effective as of December 1, 1998.
3. It is the intent of the parties that the dedication of reserves provided for in this Dedication Agreement runs with the real property described on Attachment 1 for the life of the Dedicated Reserves and, as such, binds all subsequent transferees of any interests in that real property. Accordingly, Producers agree that this document may be recorded by Transporter in the appropriate governmental office in order to place any such subsequent transferees on notice that they are bound by this Dedication Agreement. Transporter will provide Producers with a copy of the recorded instrument promptly following recordation.
4. This Dedication Agreement and the Transportation Agreement under which Producers' gas is shipped constitute the entire agreement between Transporter and Producers concerning dedication of reserves for transportation on the Pipeline. This Dedication Agreement supersedes all other prior understandings, representations, promises, undertakings, agreements or inducements, whether written or oral, concerning dedication of reserves for transportation on the Pipeline. This Dedication Agreement may be modified or amended only in writing and signed by both parties.
5. This Dedication Agreement may be executed in counterpart and shall be binding upon all parties executing the same, their heirs, personal representatives, successors and assigns, whether or not executed by all parties owning an interest in the real property referenced in Attachment 1.

IN WITNESS WHEREOF, the parties have caused this Dedication Agreement to be executed as of the date first written above.
