Second	Revised Sheet No. E-94.00	General Service Public Pumping Rate PS-3

Tariff Sheet Nos. A-13-00 and A-14.00 are being issued in compliance with the MPSC Order in Case No. U-6300 dated March 24, 1981 and reflect the up-to-date listing of Consumers Energy Company's standard forms.

The remaining tariff sheets are being issued in compliance with the MPSC Order in Case No. U-13029 dated July 25, 2001 authorizing Consumers Energy to establish its Green Power Pilot Program. Note that certain rule references and sheet numbers contained in the tariffs required revision from those approved by the Commission because of Consumers Energy's preceding tariff filing in compliance with the MPSC Order in Case No. U-12734. In addition, for clarification purposes, Consumers Energy spelled out references to "MVA," changed "Commission" to "Michigan Public Service Commission", referenced the rate schedules in Rules C10 and D7.1 so users can locate the prices per kWh, and, in compliance with the filing requirements as set forth in the Commission's Order in Case No. U-6300, added a sentence to each rate schedule stating that a written contract is required in order to take service under this program.

MPSC NO. 12 - ELECTRIC
CONSUMERS ENERGY COMPANY
TARIFF BOOK OF STANDARD FORMS
FILED WITH THE MICHIGAN PUBLIC SERVICE COMMISSION

On January 22, 1988 Consumers Energy Company filed four copies of the Tariff Book of Standard Forms. The Tariff Book of Standard Forms was stamped approved as filed on February 2, 1988. Subsequent revisions to the Tariff Book of Standard Forms were filed since that date.

Following is a list of standard forms which were revised clarifying language that generated user questions. For example, several references to "Refundable Line Extension Deposit" were changed to "Line Extension Deposit Subject to Refund." Forms 861 and 862 were clarified adding the following sentence to Section 3 of the Terms and Conditions, "The Company will backfill and place excavated earth over any area of construction; the Customer is responsible for the final restoration of the construction area."

Form 93 - Computation of Electric Distribution System Line Extension Deposit and Contributions (General Service) dated 7-2001.

Form 94 - Computation of Electric Distribution System Line Extension Deposit and Contributions (Residential) dated 7-2001.

Form 95 - Computation of Electric Distribution System Line Extension Deposit and Contributions (Residential Exceeding 2,640 Feet) dated 7-2001.

Form 861 - Electric Line Extension Agreement dated 7-2001.

Form 862 - Electric Line Extension and Service Connection Agreement for Mobile Home Park dated 7-2001.

The appropriate revisions were made to Tariff Sheet Nos. A-13.00 and A-14.00. Please insert revised Tariff Sheet Nos. A-13.00 and A-14.00 and the revised forms listed above in your Tariff Book of Standard Forms destroying the superseded copies.

It is respectfully requested that one stamped copy of each tariff sheet and standard form be returned to me.

Sincerely,

Bernadette S. Matz
