Good Afternoon.

Rule 460.10105(2) of the Michigan Code of Conduct requires utilities and alternative electric suppliers (AES) to file a report of any and all transfers of employees between the utility and alternative electric supplier semi-annually. That filing is due in April and October of each year.

Please submit your report electronically to your MPSC docket number or via email to mpscedockets@michigan.gov including your company name, docket number, the name of the employee(s) and dates in which they were transferred along with whether they transferred from the utility to the AES or vice versa.

If you have any questions, please feel free to contact me via email at latimorel@michigan.gov
